TO: Director, FBI
FROM: SC, San Francisco
SUBJECT: ALFRED E. SARANT, was.

On October 7, 1950, and submitted to ORAL TELL a portion of a letter received by

 It is presently away from Sacramento, California on an extended vacation. The above mentioned portion of the letter is being quoted as follows:

"No word from yet but I did have a letter from which made me feel better momentarily. He says he expected to return in September and he concluded that the best thing for him to do was to take the best possible care of the children and carry on as usual until she did come back. He was sure her trip was taken with considerable conflict on her part but that he felt sure she could take care of herself and that her reasons deserved respect and patience. The van was taking the furniture to Boston, starting Friday last. He and the children would stay with over one night but could get in the house Sunday, I believe, and at that time he expected to interview some one as housekeeper (to pick ERIC up at nursery school and do some housework until BRUCE came home in the evening). At the time he wrote he was receiving prospective tenants for the Ithaca house and said one family he liked so well that he possibly would reduce the rent for them."

In addition to the above, it is advised ORAL TELL that new residence is , Boston, Massachusetts. It is noted that on September 17, 1950, advised that had rented a house at , Boston. has assured that she will immediately notify ORAL TELL of any information she receives concerning

Reference is made to the report of Special Agent JAMES L. REINHART, dated September 6, 1950 at Baltimore in captioned matter.

This report sets forth results of interviews with LEWIS and HELEN GLEEKMAN, persons listed in SARANT'S Bates List Finder.

It is noted that GLEEKMAN advised that he was brought together with SARANT in New York by FRED KOHLER, a mutual friend. It is further noted that at the time of this interview with GLEEKMAN, he advised that KOHLER had recently returned to New York from Mexico City.

It is suggested, if such interview has not been made, that KOHLER be located and interviewed concerning his knowledge of SARANT, bearing in mind the Mexico City implication.

During an interview with the writer and Special Agent DAVID A. WIBLE on September 5, 1950, WILLIAM PERL advised he recalled that SARANT had a "homemade type of lamp" hanging from the bedroom door of Apartment 61, 65 Morton Street, New York City and recalled that the ten holes in this door were the result of lighting apparatus maintained by SARANT. He would not state definitely that this was for photograph but indicated such to be the actual use of the lights.

PERL has furnished no additional information concerning SARANT and MICHAEL and ANNE SIDOROVICH continue to deny knowing SARANT.

Copies of this report are being furnished to those offices which have received copies of the report of SA ROBERT F. ROYAL dated 10/6/50 at New York since this report will supplement information contained in SA ROYAL's report under Section E.

She stated that she has not heard from since she left the country and she does not know her whereabouts. She stated that she has received correspondence from on two or three occasions and in these letters has indicated that she does not know the whereabouts of.

It was reported that has not heard from since her disappearance. was unable to identify any person in the United States who might have information as to where could be located.

Further advised that parents, who reside near Sacramento, California, recently received a letter from in which he stated that it is possible, though not probable, that no one will ever hear of again. attempted to assure his parents that there was no marital difficulties between himself and and that actually, trip would strengthen their marriage, rather than weaken it if she returns.

TO: D. M. Ladd
FROM: A. M. Belmont

SUBJECT: ALFRED EMAMINODAS SARANT, WAS. ESPIONAGE - R

PURPOSE

To suggest that a Grand Jury subpoena for subject be obtained in SONY, and that a copy thereof be furnished to Bureau Agents who will surveil subject's father-in-law, Victor K. D. Ross, on his contemplated trip to Champaign, Illinois, for service by Agents on subject in the event Ross contacts him.

DETAILS

As AC whelan of the New York Division telephoned on the afternoon of October 27, 1950, to advise that New York Agents had discussed with the USA, SONY, what legal steps might be taken with respect to subject in the event he is located by Bureau Agents. The Albany Division has previously advised that Sarant's father-in-law, Victor K. D. Ross, plans to depart from his home in Ithaca, New York, October 29, 1950, stopping over in Buffalo on October 28, 1950, and thereafter proceeding to Champaign, Illinois, and that arrangements have been made for Agents to surveil Ross on that trip to determine if he contacts subject. Ross, who is an attorney, has been attempting to dispose of Sarant's property in Ithaca but has been unable to complete such a transaction because he does not have a Power of Attorney from Sarant. Albany has pointed out that Ross has been very secretive in arranging the above-described trip, and that his purpose in making the trip may be to contact Sarant.

Sarant admitted in interviews commencing July 19, 1950, that he was formerly a member of the Communist Party in New York City, but he is well-acquainted with Julius Rosenberg and most of the other individuals in the Rosenberg network. He was reportedly "propositioned" by Rosenberg along espionage lines but has claimed "I didn't bite." Sarant was lessee of an...
apartment at 65 Forton Street, New York City, from October, 1943, to January, 1950, which may be one of the two apartments
Rosenberg told David Greenglass he was using for photographic
work in connection with his espionage operations.

Sarant left New York City August 4, 1950, accompanied
by Carol Dayton, wife of his next door neighbor in Ithaca,
and entered Mexico August 9, 1950, at which time Sarant used
a fraudulent tourist card. His stated purpose in fleeing to
Mexico was to avoid further questioning by the FBI.

The latest information concerning Sarant's whereabouts
is as of August 12, 1950, on which date he and Carol Dayton
left Guadalajara, Mexico, en route to Mexico City, traveling
as Mr. and Mrs. Bruce Dayton. There is no process outstanding
for Sarant. The Criminal Division and USA, SDNY, have been
kept fully advised of investigative developments in this case.

Mr. Shelan said that the USA declared there are two
possibilities for action concerning Sarant:

1. That a bench warrant for Sarant, as a material
witness be secured. A New York Agent would, of course,
have to sign a complaint as the basis for such a warrant,
and Mr. Shelan pointed out there is not substantial inform-
ation at this time on which to base such a complaint and
warrant. The USA indicated to Agents he did not favor this
procedure unless the Bureau definitely felt it was advisable.

2. That a Grand Jury subpoena be secured calling for
subject's appearance before a Grand Jury in the SDNY. If this
procedure were followed, a copy of the subpoena could be made
available to Agents on the Ross surveillance for service on Sarant
in the event he is located by the surveillance.

Mr. Shelan recommended that the second suggested method
of procedure be followed. He pointed out that Customs and INS
prosecution of Sarant, that if Sarant is located
in the company of Ross, the latter, being an attorney, would
necessarily have to advise Sarant to comply with the subpoena,
and that this procedure would enable the Bureau to have more effective control of Sarant.

Mr. Holan was informed that he would be appropriately advised.

RECOMMENDATION

That the New York Division be authorized to secure a Grand Jury subpoena for Sarant through the USA, SDNY, and make a copy of it available to Agents for service on Sarant in the event he is located. If you approve, there is attached a teletype so instructing the New York Division.

SYNOPSIS OF FACTS:

Alfred Epaminondas Sarant, was a

Engineer, Western

Electric Co., Winston-Salem, N. C., states

that he knew subject as a fellow employee

at the Bayonne, N. J. plant of Western Elec-

tric during the approximate period from May

to Sept. 1953, but has had no personal contact

or association with him since that time, although

he may have seen him from time to time or heard

from him. Positively states he never had

in his possession any book entitled "Microwave

Transmission Design Data" and that he positively

did not give any such book to the subject or anyone else.

Knew subject at Bayonne and at the 42nd St. Plant of Western Elec-

tric Co., but had no contacts with him other than

business contacts. He describes subject as symp-

athetic with some of Communist Party line but

doubts that he was a CP member. He states subject

was friendly with KIT SUSKIN and one JOE RARE.

He states books entitled "Microwave Transmission Design Data" were distributed to engineers in-

cluding himself and subjects at 42nd St. by a super-

visor, whom he recalls as D. R. BURNEY. 42nd St. Plant, received

a supply of books entitled "Microwave Transmission Design Data" were furnished to engineers at plant

but did not remember circumstances under which

these books were obtained or distributed.

also recalled that a supply of "Microwave Transmission Design Data" books were distributed to a group of employees at 42nd St. plant but did not know whether subject received such a book, although it was related to work similar to type which subject was then doing. described subject as a college graduate who appeared to be a very capable engineer who was friendly and not too difficult to get along with but often took a lackadaisical attitude toward his work, especially if terrific pressure were placed on expedite orders. also stated subject was discontent due to the rate of pay he received at the 42nd St. plant. know of no disloyal actions on part of subject and had no reason to doubt his loyalty to the United States.

DETAILS:

AT WINSTON-SALEM, North Carolina

On September 7, 1950, [REDACTED] Engineer, Western Electric Company, Winston-Salem, North Carolina, who resides at [REDACTED], was interviewed by the writer and S. JILES L. atted the following information:

Upon graduation from [REDACTED], he was employed in the Bayonne, New Jersey, Plant of the Western Electric Company in [REDACTED], and remained there until [REDACTED]. At that time he was transferred to the plant at [REDACTED] where he was assigned until [REDACTED]. During the approximate period from [REDACTED] until [REDACTED], he worked at a number of the Western Electric locations in the New York and New Jersey area. The exact places and dates were not recalled.

- 2 -
During the first period of employment at Bayonne, New Jersey, he knew the subject (whose photograph he identified) as a fellow engineer assigned to work on a project other than the one to which he was assigned. He said that during this period he was "green" and the work he was doing did not give him access to highly confidential information.

After moving to the High-Com plant after the subject was transferred to the Bayonne plant, he was concerned with confidential work in electronics. The subject remained at the Bayonne plant after he was transferred to the High-Com location, but he believes that the subject was later transferred to that location. He said that he believes that he saw the subject at that location but that he was concerned with some entirely different work from that which the subject was doing. (He did not know what the subject was doing.) He was connected with the Bell Telephone Laboratories at the time.

Except as indicated above, he has had no contact with the subject either directly or indirectly since September 1943.

He emphatically denied that he had ever had or seen any book entitled "Microwave Transmission Design Data" by the Sperry Gyroscope Company, or that he had ever at any time given such a book to the subject or anyone else. He said that if he had such a book, (which he would judge by the title would relate to the work he was then doing), he would have read it and might have passed it along to some of his fellow engineers, but even under these circumstances he would not have given it to the subject, because he did not like the subject personally.

He advised that on September 6, 1950, a close friend of his had casually mentioned that some "Sperry books", which were issued to the engineers at the Forty-second Street location were being traced. The person who gave him this information was an engineer at Western Electric by the name of...

He was interviewed on September 19, 1950, at the Bell Telephone Laboratories, Oak Street Plant, Winston-Salem. In this connection, he advised that sometime ago he was called by a Mr. Kershall of the Western Electric Company, who inquired as to his recollection of the circumstances surrounding the receipt by some of the Western Electric Engineers of the book entitled "Microwave Transmission Design Data". He said that his best recollection was that there were a number (he estimated between 6 and 15) of these books obtained and distributed to engineers at the 42nd Street Plant. He could not be positive who procured them and distributed them, but his best recollection was...
that it was a supervisor, Mr. D. R. BAINLY. He said that at about that
time BAINLY was the head of the section in which ALFRED BAINLY worked, and
it is his recollection that BAINLY got one of those books. He said
that he still has the copy furnished to him and that on each page it is
marked "Confidential". He said he could not recall signing a receipt for
this book or whether it was furnished without a receipt.

He said that he understood that the book was later de-
classified. In fact, when local inquiry was made about it here he was able
to locate one in the possession of a fellow engineer at Winston-Salem by
the name of R. Y. C. SNOOK, bearing an imprint showing that it had been de-
classified. It the request of an official of the Western Electric Company
here, he procured this book for transmittal to Mr. BAINLY, one of the top officials of the company in New York.

stated he was employed at the Bayonne, New
Jersey, plant of the Western Electric Company when the subject came there to
work about 1942. He moved then to the (New York) plant, and then
from the plant around. He knew the
subject only as a fellow employee and had no knowledge of or contact with
him outside their work. He believes the subject had a room in Bayonne, New
Jersey, while working there and that he lived somewhere in Greenwich Village
while working in New York, but he is not sure about this as he never associated
with him outside their work.

said that he does not know any of the subject's
personal friends or associates outside the plant. Of those fellow employees
with whom he believes the subject to have been more friendly he mentioned a
man whose name he recalled as "JOE BAINLY". He identified BAINLY as follows:
White, tall (about 6'), dark complexion, thin (150-160 pounds), in late
20s or about 30. He was employed on the APOL job at the Eleventh Avenue
plant about 1943. He said that his recollection was hazy, but it
seemed to him as if the subject had shown him some color film pictures made
on a vacation trip in which there appeared the subject with a girl, whom he
believes the subject later married, and "JOE" BAINLY with another girl. He
recalled the pictures showed a canoe and a lake.

recalled that the subject was interested in
photography as were JOE BAINLY and a number of the other engineers. His recol-
lection was that BAINLY was experimenting in an effort to make a direct-positive
film. He did not know what kind of camera equipment the subject had, but
his recollection is that he remembered him talking about an Argus and the
purchase of a Leica. He did not recall whether he had bought a Leica or
was talking about trying to buy one.

He described the subject as a good engineer and a "mathematical whiz". With respect to his loyalty, said that at first he was under the impression that the subject was "Communistically inclined", but that later on he seemed to tend toward Socialism rather than "toe the Party line". He said that they had frequent arguments among themselves and that in these arguments the subject was pro-Roosevelt, pro-new deal; anti-Fascist; and anti-Republican. He said that he did not think the subject was ever a Communist Party member, but that he frequently argued that Russia was a good place where the common people were getting a better "break" than in this country. On the other hand, he frequently criticized the governmental leadership in Russia. He believes the subject was closer to the Communist Party in his thinking that he was to the general opinion of the other engineers; but he doubted that the subject was a Communist, because he did not accept the Party line without question.

Since leaving New York, has not had any contact with the subject or heard from him directly. He said that he seemed to recall that he married and moved to Cornell University where he was connected in some way with the school.

On September 28, 1950, advised that he has only a vague recollection of subject SIRINT as an employee of Western Electric in New York, and that he does not know anything whatever concerning subject's personal activities or associates.

He recalls there had been obtained a supply of books entitled "Microwave Transmission Design Data", which were furnished to engineers at the 33rd Street location. He did not remember circumstances under which these were obtained or distributed, but that they contained information relating to the type of work that SIRINT was doing at the time.

The following investigation was conducted by SA MELVIN HOMME

AT BURLINGTON, NORTH CAROLINA

North Carolina, who is presently employed as a for Western Electric Plant, Burlington, North Carolina, advised that subject SIRINT was
employed at the Bayonne, New Jersey, plant of Western Electric, in the summer of 1943, at which time he was also employed as an engineer at that plant. He advised that the latter part of 1944 or the early part of 1945 the subject was transferred to the 11th Avenue Plant, New York, and was there for a few months before being transferred to the 42nd Street plant.

He stated that the 42nd Street Plant was sometimes referred to as the Eagle Radar Plant, inasmuch as this plant of Western Electric was engaged in the production of the Eagle Radar for the Army and Navy, which was officially known as the "NP-7."

stated that he was over the subject for a short time when they both were transferred to the 42nd Street Plant, but that later subject was transferred to another division under the supervision of and Division Chief. He stated that he recalled that some books entitled "Microwave Transmission Design Data", which were published by the Sperry Corporation, were distributed to some of the engineers at the 42nd Street Plant, and that he was of the opinion that this distribution was made to the department in which subject was working. explained that this distribution was made after subject was transferred from his division and that none of the employees under his direct supervision received those books.

also advised that he could not recall anyone by the name of GOLDLBN being employed at the 42nd Street Plant, although there was an engineer working under his supervision by the name of GOLDLBN. He stated that it was entirely possible that GOLDLBN and subject were acquainted as fellow workers, but he did not recall that any close acquaintance existed between these two men. was unable to identify either GOLDLBN by either first name or initials, but stated he was then approximately 28 to 30 years old, was approximately 5'5" to 6" tall, weighed about 130 pounds, had pointed facial features, and as he recalled GOLDLBN's hair was possibly brown. stated that he was of the impression that GOLDLBN's first name was MAX and that possibly his initials were "M.Z."

He stated that this party held a position as assistant engineer at the 42nd Street Plant and was either employed at that location or possibly at the 11th Avenue Plant and transferred to the 42nd Street Plant. was sure that GOLDLBN's employment was terminated after the war and that he was no longer employed by the Western Electric Company.

described the subject as a rather pleasant person who was not too difficult to get along with but sometimes took the
attitude of "What's the use", which was more evident when pressure to complete a project was very heavy and at such times he would often "lay down on the job", unless he received help from other fellow employees or the department chiefs. 

stated that the subject appeared to be loyal to the company and that his only dissatisfaction was the amount of pay that he received as compared to the amount of work that he was expected to do.

stated that the subject was a graduate of the "College of the City of New York" and was employed by the Western Electric Company immediately upon graduation from college. He stated that he considered subject a very good engineer and was especially good on high frequency work. 

stated he had no reason to doubt the subject's loyalty to the United States and knew of no organizations to which subject might have belonged.

also stated that a party by the name of 

MORRIS SORKIN was a section chief immediately over the subject at the 42nd Street Plant, and might supply additional information concerning the subject or the identity of the party referred to by SCHUMPER as GOLDMAN.
further advised that he worked with an ex-colleague classmate by the name of RAY KOWALESKY at 37 East 11th Street, Bayonne, New Jersey, in the home of Miss A.M.

He recalled that he went along with some one or more other fellow engineers on one occasion to visit the subject, who was absent from work on account of illness while at Bayonne, New Jersey. The visit was a short one and one which he considered a "duty call". He recalled that the subject lived in a one room (and possibly bath) apartment, and as he recalled it he got the impression that he was living alone.

He said that he has no knowledge of the subject's personal life, his friends, or his activities. He said that he did not consider him to be a good engineer, and in effect he and KOWALESKY were both quite disgusted with the quality of the work being done at the Bayonne plant.

He did not know anyone by the name of GOLDBERG who was a fellow employee, but suggested that there was a fellow employed by the name of JEREM GOLDMAN. He said that NAT SUSSMAN knew the subject but that he did not know anything about their relationship.
THE NEWARK DIVISION:

at Morristown, New Jersey

Will interview Mr. DUNWYNE R. BARNEY, Jacob Ford Village,
Apartment 3B, Building 10, No. 1 Washington Avenue, for any information he
might have relative to the distribution of booklets entitled "Microwave
Transmission Design Data", which were distributed to employees in his
division.

THE NEW YORK DIVISION:

at New York City

Will attempt to identify the party referred to by
GOLDBERG from the records of the 42nd Street Plant, and set forth
appropriate leads to have him contacted to determine if he is identical with
the party referred to by the subject as GOLDBERG.

Will also attempt to determine the present location of
NORRIS SARKIN, who was a section chief immediately over the subject at the
42nd Street plant.

Results of interviews with [redacted] and [redacted] at the Bell Telephone Laboratories, Inc., N.Y.C. in 1945 and 1946 set forth. [redacted] stated they had no reason to question Sarant's loyalty to the U.S. One of these [redacted] considers part of Sarant's conversation to be "very radical on the subject of politics", but he was unable to elaborate further on this allegation.

Sarant resided [redacted] from [redacted] to [redacted] unable to recall Sarant as a resident at this address in 1941. [redacted] N.Y.J. advised that he handled [redacted] business while [redacted] during World War II, and she stated she saw Sarant on only one occasion during the summer of 1945 when he visited [redacted] and requested [redacted] to inquire about the [redacted], N.Y.C. She stated she saw Sarant at that time and stated she had no contact with him after that time. [redacted] identified photograph of Sarant, but was unable to furnish any additional pertinent information.

DETAILS: INTERVIEWS WITH [redacted] AND [redacted] OF ALFRED SARANT AT THE BELL TELEPHONE LABORATORIES, INC., NEW YORK CITY
Department - Bell Telephone Laboratories, Inc., Murray Hill, New Jersey, who resides at ____________, was interviewed on September 22, 1950 by the writer at the Bell Laboratories at Murray Hill, New Jersey. 

advised he was formerly a member in the Radio Transmitter Group of the Specialty Products Department of the Bell Telephone Laboratories, Inc., 180 Varick Street, New York City. recalled ALFRED SARANT as one of the members in the Radio Transmitter Group at the Bell Laboratories during the latter part of 1945, and during the better part of 1946.

stated that the work performed by the Radio Transmitter Group at that time was concerned principally with the development of a modulator for a mobile radio transmitter. stated that to the best of his recollection the work done by the Radio Transmitter Group at that time was not classified in any respect by the Armed Forces.

In regard to ALFRED SARANT’s character, stated that he was never too sure of SARANT and that he always felt uneasy about SARANT. In explanation of these remarks related that he could not cite any specific example of why he had never felt too sure about the Subject or the fact that he felt uneasy about the Subject. He stated that he had found the Subject to be a person who was very quiet and one that kept to himself. noted that the Subject had never discussed with him or others his, SARANT’s, background and stated that this attitude of reticence, and also due to the fact that he knew little, if anything, about SARANT’s background, gave him the idea that he could not fully place confidence in the Subject.

continued that he considered ALFRED SARANT to be a very capable engineer, but he stated that he did not feel that the Subject worked well with others. He noted that the Subject was a lone wolf type engineer, and he stated that SARANT did his best work when he was working alone.

stated that during the time he was acquainted with the Subject he had no reason to question his loyalty to the United States Government. pointed out, however, that he was not very well acquainted with the Subject at any time, and he stated he knew absolutely nothing about the Subject’s outside life.
related that SARANT left the employment of the Bell Laboratories in order to pursue further education at some university in upstate New York. He stated he could not definitely recall the name of the school that SARANT attended, but he stated he believed it was Cornell University.

recalled that he received a letter from this school shortly after SARANT left the employment of the Bell Laboratories relative to SARANT's qualifications in the setting up of a cyclotron at this school. He stated he could no longer recall the name of the individual who transmitted the letter to him about SARANT, nor could he recall the specific nature of the employment that SARANT was endeavoring to obtain at this school.

recalled, however, that he transmitted a letter to this school at that time in which he stated substantially that he felt the Subject was a capable engineer, but he stated he did not feel the Subject was qualified for the position he was seeking at this school.

explained this remark by stating that SARANT had evidently impressed the authorities at this school of his abilities as a research and development engineer in connection with electronics. He stated that he said in his letter to the school that, although he felt SARANT was a capable engineer, he did not feel that he was sufficiently qualified to undertake the setting up of a cyclotron.

continued that he noted in his letter that he felt that the Subject would be well qualified to work on the setting up of this cyclotron, but he noted that he felt this work should be performed under supervision.

identified a photograph of SARANT.

In connection with other employees of the Radio Transmitter Group, Bell Telephone Laboratories, New York City, who would be acquainted with the Subject, related that the Radio Transmitter Group consisted at that time of approximately ten to twelve engineers who were officially designated as members of the technical staff.

a member of the technical staff, Transmission Development Department, Bell Telephone Laboratories, Inc., Murray Hill,
New Jersey, who resides at 875 Varick Street, was interviewed at the Bell Telephone Laboratories in Murray Hill on September 22, 1950 by the writer.

stated he was formerly employed as a member of the Technical Staff of the Radio Transmitter Group at the Specialty Products Department of the Bell Laboratories in New York City.

recalled ALFRED SARANT as a fellow worker at the Bell Laboratories in the Graybar-Varick Building in New York City (180 Varick Street, New York City) about one year during the period 1945 to 1946.

related that he considered ALFRED SARANT to be a very brilliant young man and he stated he thought SARANT was a very likeable and personable young man.

In connection with SARANT's work at the laboratory, stated he felt SARANT was a very capable engineer, but he stated that he considered SARANT not fitted to the development work at the laboratories. He stated that he believed that SARANT worked much better alone than he did when he worked with others in the laboratory. He stated he felt this was based on the fact that SARANT had a very retiring personality, and he stated he considered SARANT to be one that would rather be alone than in conversation with others.

related that in connection with SARANT's conversations with others, he as well as many of the other engineers in the laboratory, had the definite impression that SARANT was very argumentive by nature. Still, in the same connection, noted that he found the Subject, on many occasions in the course of the conversation on a controversial subject, would deliberately "take the other side of the fence" in order to get an argument from the other persons in the conversation.

stated that he considered part of SARANT's conversation to be "extremely radical on the subject of politics". stated that he would be unable to elaborate on this allegation. He stated that he hesitated to make this statement concerning SARANT, but he said he had this definite impression of SARANT.

stated he knew very little about the Subject's outside
life, and he stated that he recalled the Subject lived somewhere in the
near by vicinity of the Graybar-Varick Building in New York City during
the period 1945 and 1946. S.R.N.T. stated he was never in the company
of S.R.N.T. outside of their contacts in the laboratory, and he stated he
was never in S.R.N.T's apartment at any time. \\

stated that he never met the Subject's wife, Mrs.
ALFRED S.R.N.T., but he stated he recalled that the Subject had mentioned
her from time to time at work. He stated he could not recall S.R.N.T's
wife's name.  \\

In connection with S.R.N.T's wife, recalled that
shortly after the Subject was married sometime in the summer of 1945, the
Subject and his wife and several other persons made a canoe trip from Old
Forge, New York, to Saranac Lake, New York. He did not recall any of the
details of this canoe trip.  \\

stated he has had no contact with the Subject since
1946 and he stated he has not heard from him since 1946. He recalled he
had heard that the Subject was at Cornell University, but stated he did
not know this from his own personal knowledge. identified a photograph of S.R.N.T.  \\

on September 22, 1950.  \\

recalled ALFRED S.R.N.T as a co-worker for about one
year during the period 1945 and 1946 at the Bell Telephone Laboratories
in New York City. stated he considered ALFRED S.R.N.T to be
a very capable engineer. He stated, however, that in connection with
S.R.N.T's work at the laboratory, he considered S.R.N.T to be more of a
theorist or student of engineering, rather than a practical engineer. He
stated that S.R.N.T was a very quiet person who generally kept to himself
at the laboratory. He stated he never found the Subject to work very
closely with the other engineers in the group, and he stated he felt that
this was motivated by the fact the Subject was a very quiet and reticent
type individual.  \\

stated that, although he was not very well acquainted
with the Subject at any time, he stated he nevertheless felt the Subject was a
person of good character and reputation. He stated he had no reason to question S.R.N.T's loyalty to the United States and he noted he did not feel the Subject had any un-American sympathies or leanings.

furnished the following information concerning his contact with the Subject outside of the Bell Telephone Laboratories in New York City:

recalled that he, himself, has an interest in camping and he recalled that sometime during the summer of 1946, while he and S.R.N.T happened to be working together on a particular project at the Bell Laboratories, he had occasion to mention to S.R.N.T he was contemplating taking a canoe trip in the Adirondacks with a friend. recalled that at that time he had very little camping equipment, and he stated that S.R.N.T offered to lend him two sleeping bags and some kitchen utensils.

In connection with this canoe trip, stated that the canoe trip is taken in the Adirondack Mountains from Old Forge, New York through the Fulton Chain of Lakes to Saranac Lake, New York. In this connection, stated that at the time of his conversation with S.R.N.T, referred to above, S.R.N.T mentioned that he, S.R.N.T, had taken the same canoe trip with his wife and another couple. stated that he did not recall if S.R.N.T elaborated on his canoe trip in the Adirondack Mountains.

recalled that after work on one afternoon he proceeded with S.R.N.T to S.R.N.T's apartment somewhere in Greenwich Village in order to pick up the camping equipment which S.R.N.T was going to lend him. stated that he did not recall the address of S.R.N.T's apartment, but he stated it was in the Greenwich Village section of New York City and was in close proximity to the Graybar-Varick Building on Varick Street, New York City.

In regard to S.R.N.T's apartment, recalled that it was a small three room apartment located on the top floor of the apartment house. He stated he did not recall how many floors up the apartment was, but he stated he believed it was approximately a four floor apartment house. He stated that the apartment was located at the rear of the apartment house on the top floor. He related that the furnishings in the apartment were not pretentious, and he stated he recalled that the apart
contained the usual furnishings for a small three room apartment. He stated that the apartment consisted of a living room, small kitchen and bath and a bedroom.

In regard to any cameras or photographic equipment which may have been in the apartment at the time he visited the apartment, stated he did not recall seeing any cameras or any photographic equipment whatsoever in the apartment at that time.

In connection with the identity of the persons who may have been at the apartment at the time he visited the apartment, stated that he believed the Subject's wife was present in the apartment at the time. He stated that he definitely recalled he met the Subject's wife, whose first name he no longer recalls, either when he went to pick up the camping equipment or when he returned the camping equipment to S.R.N.T at his apartment. He stated, however, he could no longer recall on which occasion he met the Subject's wife. He stated, with the exception of the Subject's wife, there were no other persons present in the apartment at either time he visited in S.R.N.T's apartment. Stated that he could furnish no information concerning the Subject's wife, as he stated he knew nothing about her, with the exception of occasional conversation in the laboratory, when the Subject may have mentioned his wife.

stated that as a token of his appreciation of S.R.N.T's having loaned him the camping equipment, he gave S.R.N.T a small on his return from the camping trip.

stated that he was only acquainted with ALFRED SARANT at the Bell Telephone Laboratories in New York City and he stated he has had no contact with him since 1946. He stated that he heard from one of the other engineers that the Subject had gone to Cornell University after he left the employment at the Bell Laboratories, but he stated he did not know this to be a fact of his own personal knowledge.

PENDING
In connection with the information furnished by a co-worker of ALFRED S. R. N. T at the Bell Telephone Laboratories, Inc., New York City, it is to be noted that stated that as a token of his appreciation for S. R. N. T's loaning him some camping equipment in the summer of 1946, he gave ALFRED S. R. N. T.

In this connection, reference is made to the report of Special Agent PETER MAXON, dated August 7, 1950, at Albany, New York, in instat matter, wherein on the name appears as a person whose name appeared in a Bates list finder, which was the property of the Subject.

In interviews by agents of the Albany Office, S. R. N. T identified as a fellow employee at the Bell Laboratory in New York City to whom he loaned his camping equipment at one time and who the Subject remembered returned the equipment to him.

It is to be noted that it would appear that referred to above, was the identity of the person who gave the to S. R. N. T, rather than a person known as whom are identified in the body of this report as co-workers of the Subject at the Bell Laboratories in New York City, stated that they did not believe there was any person named who was employed by the Bell Laboratories in New York City in the Radio Transmitter Group, where the subject was then employed.

Reference report of the writer set out a lead to have Mr. HERBERT B. FISCHER interviewed, and who was identified as a supervisor of S. R. N. T at the Bell Telephone Laboratories in New York City.

who is referred to above, and who was interviewed by the writer, stated that Mr. FISCHER was Mr. NORDahl's.
supervisor at the Bell Telephone Laboratories in New York City, 1945 and 1946, and he stated that Mr. FISCHER would not have had any contact with S.R.ANT at the Bell Laboratories in New York City.

RE: HARVEY LEE SACHS

New York teletype to the Director dated August 29, 1950, at 8:57 p.m., set out that an attempt was made to locate HARVEY LEE SACHS at Apartment 4-G, 200 West 54th Street, New York City, with negative results.

The records of the Western Electric Company, Kearny, New Jersey, failed to reflect any record of a former employee of the Western Electric Company by the name of S.J. GOLDMAN. These records, however, reflect a record for one JEROME GOLDMAN, who was formerly employed at the 54th Street, New York City plant of the Western Electric Company. This record reflects that JEROME GOLDMAN was born on April 8, 1915 at Passaic, New Jersey. He was originally employed by the Western Electric Company at the 54th Street plant as an engineer on March 6, 1944. GOLDMAN
was transferred to the 42nd Street, New York City plant of the Western Electric Company on July 17, 1944, and he was laid off from this plant on September 21, 1945 due to a reduction in force.

Records of this company reflect his last place of residence was 1852 Bryant Avenue, Bronx, New York.

GOLDIN's parents were reflected as REBECCA GOLDIN and LEVI KING, GOLDIN both of whom were born in Russia. GOLDIN listed his brothers as JEROME and HETTY GOLDIN, and his sister as MARIA. GOLDIN TOFF. This record indicated that his brothers and sister were born in the United States.

Records of the Western Electric Company reflected that JEROME GOLDIN was 5'5", 120 pounds, but there was no additional descriptive information regarding GOLDIN obtained in company records. There was no photograph of GOLDIN available in the records of the Western Electric Company.

Indices of the Newark Office were negative regarding any identifiable records of GOLDIN or his family, referred to above.

RE: GEORGE KOWALSKI

A lead was set forth in the report of the writer dated August 18, 1950 to obtain background information concerning one GEORGE KOWALSKI, who was identified as a roommate of JOSEPH CHAJLUS BREGAR, and who was reportedly formerly employed by the Western Electric Company.

A review of the records of the Western Electric Company failed to reflect any record of a person by the name of GEORGE KOWALSKI ever being employed by the Western Electric Company.

In this connection, however, reference is made to the report of Special Agent C. EMEN J. STUHR dated October 10, 1950 at Charlotte in instant matter wherein it is set forth on Page 8 that stated that he formerly worked with a college classmate by the name of R. KOWALSKI.

In connection with the interview of

NEW JERSEY FIELD DIVISION

At Kearny, New Jersey

Will attempt to obtain background information concerning one R.Y. KOLLESKY, who was reported to have been formerly employed by the Western Electric Company, Bayonne, New Jersey.

Will attempt to identify a former employee of the Western Electric Company named JACK BE DELL.

At Murray Hill, New Jersey

Will interview LESTER MORRIS at the Bell Telephone Laboratories, Inc., regarding ALFRED SANTNT.

At Fort Monmouth, New Jersey

At the U. S. Army Signal Corps, will attempt to identify the employees of the U. S. Army Signal Corps between 1943 and 1945, who were identified as STOIDLER, RISNER, JONES and ROSEWICKY, and who were visited there between 1943 and 1945 by one JACK ROSENBAUM, an employee of the Espey Manufacturing Company, 528 East 72nd Street, New York City.

SYNOPSIS OF FACTS:

Results of interviews with [redacted] and [redacted] at the Bell Telephone Laboratory, Inc., N.J. in 1945 and 1946 set forth. They stated they had no reason to question Sarant's loyalty to the U.S. One of these persons, who considers part of Sarant's conversation to be 'awfully radical on the subject of politics', but he was unable to elaborate further on this allegation. They also stated that he resided in [redacted] from 1942 to 1946, and was unable to recall Sarant as a resident at this address in 1941. N.J. advised that she handled [redacted] business while he was in the service during world war II, and she stated that she saw Sarant on only one occasion during the summer of 1945 when he visited home at [redacted] to inquire about the [redacted]. She stated that she saw Sarant at that time and she stated she had no contact with him after that time. She identified photograph of Sarant, but was unable to furnish any additional pertinent information.

DETAILS: INTERVIEWS WITH [redacted] AND [redacted] OF ALFRED SARANT AT THE BELL TELEPHONE LABORATORIES, INC., NEW YORK CITY
Department, Bell Telephone Laboratories, Inc., Murray Hill, New Jersey, who resides at [redacted] was interviewed on September 22, 1950 by the writer at the Bell Laboratories at Murray Hill, New Jersey. 

Advised he was formerly a [redacted] in the Radio Transmitter Group of the Specialty Products Department of the Bell Telephone Laboratories, Inc., 180 Varick Street, New York City. [redacted] recalled ALFRED SARANT as one of [redacted] in the Radio Transmitter Group at the Bell Laboratories during the latter part of 1945, and during the better part of 1946.

stated that the work performed by the Radio Transmitter Group at that time was concerned principally with the development of a modulator for a mobile radio transmitter. stated that to the best of his recollection the work done by the Radio Transmitter Group at that time was not classified in any respect by the Armed Forces.

In regard to ALFRED SARANT's character, stated that he was never too sure of SARANT and that he always felt "uneasy" about SARANT. In explanation of these remarks, related that he could not cite any specific example of why he had never felt too sure about the Subject or the fact that he felt uneasy about the Subject. He stated that he had found the Subject to be a person who was very quiet and one that kept to himself. noted that the Subject had never discussed with him or others his, SARANT's, background and stated that this attitude of reticence, and also due to the fact that he knew little, if anything, about SARANT's background, gave him the idea that he could not fully place confidence in the Subject.

continued that he considered ALFRED SARANT to be a very capable engineer, but he stated that he did not feel that the Subject worked well with others. He noted that the Subject "was a lone wolf type" engineer, and he stated that SARANT did his best work when he was working alone.

stated that during the time he was acquainted with the Subject he had no reason to question his loyalty to the United States Government. pointed out, however, that he was not very well acquainted with the Subject at any time, and he stated he knew absolutely nothing about the Subject's outside life.
related that SARANT left the employment of the Bell Laboratories in order to pursue further education at some university in upstate New York. He stated he could not definitely recall the name of the school that SARANT attended, but he stated he believed it was Cornell University.

recalled that he received a letter from this school shortly after SARANT left the employment of the Bell Laboratories relative to SARANT's qualifications in the setting up of a cyclotron at this school. He stated he could no longer recall the name of the individual who transmitted the letter to him about SARANT, nor could he recall the specific nature of the employment that SARANT was endeavoring to obtain at this school.

recalled, however, that he transmitted a letter to this school at that time in which he stated substantially that he felt the Subject was a capable engineer, but he stated he did not feel the Subject was qualified for the position he was seeking at this school.

explained this remark by stating that SARANT had evidently impressed the authorities at this school of his abilities as a research and development engineer in connection with electronics. He stated that he said in his letter to the school that, although he felt SARANT was a capable engineer, he did not feel that he was sufficiently qualified to undertake the setting up of a cyclotron.

continued that he noted in his letter that he felt that the Subject would be well qualified to work on the setting up of this cyclotron, but he noted that he felt this work should be performed under supervision.

identified a photograph of SARANT.

In connection with other employees of the Radio Transmitter Group, Bell Telephone Laboratories, New York City, who would be acquainted with the Subject, related that the Radio Transmitter Group consisted at that time of approximately ten to twelve engineers who were officially designated as members of the technical staff.

A member of the technical staff, Transmission
Development Department, Bell Telephone Laboratories, Inc., Murray Hill,
New Jersey, was interviewed at the Bell Telephone Laboratories in Murray Hill, New Jersey,
on September 22, 1950.

He recalled A.L.F.R.E.D S.R.A.N.T as a co-worker for about one
year during the period 1945 and 1946 at the Bell Telephone Laboratories
in New York City. He stated he considered A.L.F.R.E.D S.R.A.N.T to be
a very capable engineer, but, stated, however, that in connection with
S.R.A.N.T's work at the laboratory, he considered S.R.A.N.T to be more of a

In regard to any cameras or photographic equipment which may have been in the apartment at the time he visited the apartment, stated he did not recall seeing any cameras or any photographic equipment whatsoever in the apartment at that time.

In connection with the identity of the persons who may have been at the apartment at the time he visited the apartment, stated that he believed the Subject's wife was present in the apartment at the time. He stated that he definitely recalled he met the Subject's wife, whose first name he no longer recalls, either when he went to pick up the camping equipment or when he returned the camping equipment to S.R.N.T at his apartment. He stated, however, he could no longer recall on which occasion he met the Subject's wife. He stated, with the exception of the Subject's wife, there were no other persons present in the apartment at either time he visited in S.R.N.T's apartment.

Mrs. Alfred Epaminonda Stewart stated that she could furnish no information concerning the Subject's wife, as he stated he knew nothing about her, with the exception of occasional conversation in the laboratory, when the Subject may have mentioned his wife.

stated that as a token of his appreciation of S.R.N.T's having loaned him the camping equipment, he gave S.R.N.T a on his return from the camping trip.

stated that he was only acquainted with ALFRED S.R.N.T at the Bell Telephone Laboratories in New York City and he stated he has had no contact with him since 1946. He stated that he heard from one of the other engineers that the Subject had gone to Cornell University after he left the employment at the Bell Laboratories, but he stated he did not know this to be a fact of his own personal knowledge.

a technical staff associate, Transmission Development Department, Bell Telephone Laboratories, Inc., Murray Hill, New Jersey, who resides at 9 Hillside Avenue, Florham Park, New Jersey, was interviewed at the Bell Laboratories in Murray Hill on September 22, 1950 by the writer.
stated that he was a co-worker of ALFRED SAR. NT at the Bell Laboratories in the Graybar-Varick Building in New York City for about one year during the period 1945 and 1946.

recalled SAR. NT as a person who was not particularly interested in his work, and he noted that he always found the Subject to be a person who was always the last person at the office in the morning and the first person to leave the office in the afternoon. stated that he did not particularly like the Subject, but on the other hand, he did not particularly dislike the Subject.

In connection with SAR. NT's work as an engineer at the laboratory, he stated he had always found the Subject to take a "let Charlie do it" attitude.

stated that as far as he knows, ALFRED SAR. NT was a loyal American citizen, as he stated he had no reason to believe otherwise. pointed out, however, that during the time he knew SAR. NT, he had never had any occasion to enter into conversation where the subject of a person's loyalty would have come into the conversation.

stated that he did not know anything about ALFRED SAR. NT's activities outside of the Bell Laboratories, but he stated he did recall ALFRED SAR. NT resided somewhere in Greenwich Village. identified a photograph of ALFRED SAR. NT.

New-Jk, New Jersey, advised that from May, 1948 to September, 1941, he had and living quarters at stated that he did not recall ALFRED SAR. NT as a resident at any time during the period to stated he occupied the first floor of the property at 105 Clinton Avenue, and he stated that the second and third floors
were let out as rooms. stated he was acquainted from time to
time with the various tenants in the rooming house, but he stated he
definitely did not recall ALFRED SANT ever residing at

Previous investigation in this matter by agents of the New York and
Albany Offices has disclosed that the Subject rented quarters at 227
West 11th Street, New York City, from SIDNEY A. HARRIS, INC., 161 Seventh
Avenue, South, New York City, commencing August 15, 1945.

In connection with the rental of the store by SANT, who is

at 227 West 11th Street up to and during part of 1945 were utilized by tenants solely for storage space. She stated that this space was never used for store premises prior to this time.

She recalled that during the early summer of 1945, a prior tenant of this store front vacated the store. She stated that this property was vacant for approximately one month and stated that advertised the store space for rent in a New York City paper.

She recalled that at that time, the summer of 1945, was residing with New York City. She recalled that identified a photograph of ALFRED SARANT as a person known to her as "Mr. Sarant" who came to visit her at the address in response to an advertisement she placed in a newspaper. She also recalled that SARANT told her that he was interested in research in the field of electronics and he stated that he was going to conduct this research with another engineer, but she stated that SARANT did not identify this person to her at that time or at any subsequent time.

She stated that the only time she was in personal contact with SARANT was at the time he visited her at the 11th Street address. In this connection, she stated that at the 11th Street address, and stated on all contacts with the Subject thereafter, they were handled by the persons who were the
at the 11th Street address.

Stated that she never visited the store at the 11th Street address at any time during the period of time that S.R. N.T. occupied the property at that address. Recalled that she learned from that the windows at the 11th Street address were painted black by S.R. N.T., but she stated she could not recall why these windows were painted black.

Stated that since was interviewed by agents of the New York Office, and have endeavored to recall additional information concerning the Subject's association with the Sarant Laboratories. Stated, however, that and have been unable to recall any additional information regarding S.R. N.T.
In connection with the information furnished by [redacted] who is referred to in the body of this report as a co-worker of [redacted] at the Bell Telephone Laboratories, Inc., New York City, it is to be noted that [redacted] stated that as a token of his appreciation for SAR.NT's loaning him some camping equipment in the summer of 1946, he gave [redacted].

In this connection, reference is made to the report of Special Agent PETER M. XSON, dated August 7, 1950, at Albany, New York, in instat matter, wherein on [redacted] the name [redacted] appears as a person whose name appeared in a Bates list finder, which was the property of the Subject.

In interviews by agents of the Albany Office, SAR.NT identified [redacted] as a fellow employee at the Bell Laboratory in New York City to whom he loaned his camping equipment at one time and who the Subject remembered returned the equipment to him with [redacted].

It is to be noted that it would appear that [redacted] referred to above, was the identity of the person who gave the [redacted] to SAR.NT, rather than a person known as [redacted].

In connection with the name [redacted] all of whom are identified in the body of this report as co-workers of the Subject at the Bell Laboratories in New York City, stated that they did not believe there was any person named [redacted] who was employed by the Bell Laboratories in New York City in the Radio Transmitter Group where the subject was then employed.

Reference report of the writer set out a lead to have Mr. [redacted] B. FISCHER interviewed, and who was identified as a supervisor of SAR.NT at the Bell Telephone Laboratories in New York City.

[redacted] who is referred to above, and who was interviewed by the writer, stated that Mr. FISCHER was Mr. NORDHOLZ's [redacted].
supervisor at the Bell Telephone Laboratories in New York City, 1945 and 1946, and he stated that Mr. FISCHER would not have had any contact with S.R.I.T at the Bell Laboratories in New York City.

RE: H. W. LEE S.CHS

New York teletype to the Director dated August 29, 1950, at 8:57 p.m., set out that an attempt was made to locate HARVEY LEE S.CHS at Apartment 4-C, 200 West 54th Street, New York City, with negative results.

Video Products Corporation, Red Bank, New Jersey, who could be designated by a confidential informant T symbol, was reinterviewed by Special Agent WILLIAM H. MC LAUGHLIN on September 20, 1950.

stated that she had no additional information regarding HARVEY LEE S.CHS' whereabouts other than that which she previously furnished to Special Agent McLAUGHLIN.

Special Agent McLAUGHLIN ascertained from the United States Post Office at Deal, New Jersey, that HARVEY L. S.CHS furnished the Post Office with a forwarding address from 96 Neptune Avenue to 224-35 Kingsbury Avenue, Flushing, Long Island, New York.

RE: JEROME GOLDMAN

New York teletype to Director dated September 5, 1950, at 8:51 p.m., set forth that New York, was interviewed by agents of the New York Office, and he advised he identified the person who may have sold S.R.I.T at the

The records of the Western Electric Company, Kearny, New Jersey, failed to reflect any record of a former employee of the Western Electric Company by the name of S.R.I.T. These records, however, reflect a record for one JEROME GOLDMAN, who was formerly employed at the 54th Street, New York City plant of the Western Electric Company. This record reflects that JEROME GOLDMAN was born on April 8, 1915 at Passaic, New Jersey. He was originally employed by the Western Electric Company at the 54th Street plant as an engineer on March 6, 1944. GOLDMAN
was transferred to the 42nd Street, New York City plant of the Western Electric Company on July 17, 1944, and he was laid off from this plant on September 21, 1945 due to a reduction in force.

Records of this company reflect his last place of residence was 1852 Bryant Avenue, Bronx, New York.

GOLMAN's parents were indicated as MARY GOLMAN and LEO GOLMAN, both of whom were born in Russia. GOLMAN listed his brothers as JOSEPH and HERMAN GOLMAN, and his sister as MATHA GOLMAN LITOFF. This record indicated that his brothers and sister were born in the United States.

Records of the Western Electric Company reflected that JEROME GOLMAN was 5'5", 120 pounds, but there was no additional descriptive information regarding GOLMAN obtained in company records. There was no photograph of GOLMAN available in the records of the Western Electric Company.

Indices of the Newark Office were negative regarding any identifiable records of GOLMAN or his family, referred to above.

RE: GEORGE KOWLSKI

A lead was set forth in the report of the writer dated August 18, 1950 to obtain background information concerning one GEORGE KOWLSKI, who was identified as a roommate of JOSEPH CHARLES BREGAR, and who was reportedly formerly employed by the Western Electric Company.

A review of the records of the Western Electric Company failed to reflect any record of a person by the name of GEORGE KOWLSKI ever being employed by the Western Electric Company.

In this connection, however, reference is made to the report of Special Agent CARMEN J. STUART dated October 10, 1950 at Charlotte in instant matter wherein it is set forth on Page 8 that the latter stated that he formerly worked with a college classmate by the name of R. KOWLSKI.

In connection with the interview of
New Jersey, who is referred to in the body of this report, photographs of the following persons were exhibited to [redacted] for identification; [redacted] was unable to identify the photographs of any of the persons referred to below, with the exception of ALFRED SARANT:

ALFRED ESPAIMEITOS SANT

Investigation of the espionage network operated by Julius Rosenberg disclosed that one of his acquaintances is Alfred Espaimeitos Sant, an electrical engineer.

Sant was born September 28, 1926, in New York City, and was graduated in electrical engineering from Cooper Union in June, 1941. He was discharged from the position of Junior Radio Engineer with the Signal Corps Laboratories at Fort Hancock, New Jersey, on September 3, 1942 and was characterized by his superiors there as a labor agitator. He was then employed as an Engineer by the Western Electric Company and Bell Telephone Laboratories in New York City, resigning from the latter concern on September 11, 1946. Since October, 1946, he has resided in Ithaca, New York, where he has been self-employed as a Building and Painting Contractor. He married Louise Lass on July 8, 1946, and they have two children.

David Greenglass has advised that Julius Rosenberg sold him an apartment in the Greenwich Village section of New York City that was not tenanted, and which was used for photographic work in connection with Rosenberg's operations. It is believed significant that Sant was the lessee of an apartment at 60 Horton Street, New York City, which address is in Greenwich Village, from October, 1945, to January, 1946, and that Sant himself moved to Ithaca, New York, in the fall of 1946 but retained his lease on the apartment. Sant has admitted considerable interest and proficiency in photography and the possession of film-developing equipment and flood lamps in the Horton Street apartment but has denied ever doing any document photography.

Sant was interviewed by Special Agents of the Federal Bureau of Investigation on several occasions, commencing on July 29, 1946. He admitted Communist Political Association membership.
in 1943 and 1944, and said that on one occasion, Rosenberg
"propositioned" him to sound him out politically, but Sarant
claimed "he didn't bite." Sarant denied knowledge of or partici-
pation in espionage activities on the part of himself or any of his
acquaintances with the exception of the above-described incident
involving Rosenberg.

On August 4, 1950, Sarant left New York City with Carol
Dayton, wife of Bruce Dayton, next-door neighbor of Sarant in
Ithaca. It is not known for sure, but it is surmised that Sarant was
leaving the United States to avoid further questioning
by the FBI, and that a friend of Sarant's was in trouble and Sarant
did not want to be forced to testify against him. Sarant's entry
into Mexico was accomplished through use of a tourist card fraudu-
ently secured by Carol Dayton in her husband's name. The most
recent information concerning the whereabouts of Sarant and Carol
Dayton is as of August 12, 1950, when they left Guadalajara, Mexico,
for Mexico City, traveling as Mr. and Mrs. Bruce Dayton.

Subject's father-in-law, Victor K. B. Rose, a practicing
Attorney in Ithaca, New York, has recently been attempting to
dispose of Sarant's property in Ithaca.

Among documents recently furnished to the New York Office by the FBI Laboratory in New York City was an original typewritten letter dated January 23, 1950 on stationery of ALFRED SARANT, General Contractor, Cayuga Heights Road, Ithaca, New York and was signed with the typewritten signature "Alfred Sarant". This letter was sent to a man advising that he had decided to move to 2505 Cayuga Heights Road, New York City, effective upon OAKLOCK'S receipt of the letter.

This letter is being transmitted herewith and it is requested that the FBI Laboratory compare the typewriting on it with known specimens of typewriting taken from the typewriter of ALFRED SARANT and submitted previously by the Albany Division, which is the office of origin.

As this questioned letter may have evidentiary value it is requested that it be returned to New York at the completion of the examination so that it may be kept as part of the case file.

Director, FBI

ALFRED E. SARANT, WAS.

Reference is made to the report of Special Agent John F. Beal
dated October 27, 1950, at Phoenix, Arizona.

It is noted that in the synopsis and details of referenced
report mention is made of the mail cover on Donald Rainey, 2005 East Drachman
Street, Tucson, Arizona.

The utilization of a mail cover is a confidential investigative
technique and for that reason it is provided by Section 31, Part I of the
Handbook that temporary informant symbols should be used to report the
results of mail covers.

It is also observed that among the aliases carried in the title of
referenced report are Alfred E. Sarant, Alfred Sarant and Al Sarant. Under
current Bureau Rules, as enumerated in Part A, Bureau Bulletin No. 51,
Series X-50, none of those variations of subject's full name is properly
termed an alias for index purposes and, accordingly, no useful purpose is
served by carrying such variations as aliases.

Investigative reports in captioned matter are currently being
furnished to the Criminal Division of the Department and to the United
States Attorney, Southern District of New York. Accordingly, you are
requested to submit immediately corrected pages of Special Agent Beal's
report, revised in accordance with the foregoing observations and suitable
for dissemination. The head page need not be amended.

FEDERAL BUREAU OF INVESTIGATION
WASHINGTON D.C.

November 20, 1950

To: SAC, New York

Dear SAC,

There follows the report of the FBI Laboratory on the examination of evidence received from your office on November 15, 1950.

Alfred Spanierman
Reclamation B

Examination requested by
New York

Reference
Letter dated 11-14-50

Examination requested
Document

Q25 Typewritten letter on stationary of ALFRED SPANIERMAN, General Contractor, to Mr. Robert Drlock, New York, with the typewritten signature ALFRED SPANIERMAN, dated January 23, 1950.

Result of Examination:

A definite conclusion could not be reached whether the typewriting on specimen Q25 was prepared on the typewriter used to type specimens K1 and K9 in this case, because of variations which could not be accounted for on the basis of the available known typewriting samples. It is possible that these variations could be due to the condition of the ribbon at the time specimens K1 and K9 were prepared and also to the fact that some of the letters on the typewriter are dirty and therefore clear impressions are not made of these particular letters.

J. Edgar Hoover, Director

Page 1

Continued next page
In order to make possible a more adequate examination, it is suggested that additional typewritten specimens known to have been prepared on the Royal standard typewriter, serial J171676-5 be submitted to the laboratory. If possible, specimens should be obtained from the known typewriter which are in the same wording as the questioned typewriting on Q25.

Specimens K1 and K2, containing typewriting samples from the Royal typewriter with serial J171676-5, were submitted by the Library office with letters dated August 2 and August 14, 1959 respectively.

The original evidence, Q25, is returned herewith. Photographic copies are retained. A photographic copy of Q25 is also attached for the attention of the Library office.
SYNOPSIS OF FACTS:

ADMINISTRATIVE REPORT

Mr. and Mrs. V. K. D. ROSS, Mr. and Mrs. MORRIS P. KASSMAN and HELEN EISENBERG surveilled through Ohio October 31, 1950. No unusual contacts noted.

- RUC -

Details:

V. K. D. ROSS, his wife, MINA, Mr. and Mrs. MORRIS P. KASSMAN and HELEN EISENBERG were placed under surveillance at the Hotel Lawrence, Erie, Pennsylvania on October 30, 1950 at approximately 11 PM by MAR ROBERT L. BAKER, JOHN EDWARD FOLEY, ROBERT H. BRAINER, ROGER F. MUEY, PAUL F. ROWLANDS and SABINO P. CARONE.

ROSS and his party left the Hotel Lawrence at approximately 9:15 AM on October 31, 1950 in a 1948 blue Packard sedan, New York 1950 license plates TP-901. They drove through Ohio, stopping for lunch at Lorain, Ohio, until they arrived at Bryan, Ohio, where they obtained accommodations at the Colonial Manor Hotel. No unusual contacts were noted and after leaving Bryan at approximately 8:45 AM, November 1, 1950, they drove on to Indiana where the surveillance was turned over to Indianapolis agents at approximately 9:07 AM.
It was determined that Mrs. OSCAR KRILL, whose husband is the owner of the Colonial Manor Motel located on U. S. Route 6, Bryan, Ohio, that Mr. and Mrs. VICTOR K. D. ROSS, RD 3, Ithaca, New York, had registered in room 8 on the night of October 31, 1950. Mr. and Mrs. M. P. KASSMAN, 901 TripHammer Road, Ithaca, New York registered in room 9 on the same evening and M. EISENBERG, 173 Crory Avenue, Binghamton, New York had registered in room 5 on the same evening. Mrs. KRILL furnished a postcard which had been left in the trash of room 9 which is addressed to Mr. and Mrs. M. KASSMAN at the above address and is signed by one LABBA or SABBA LEVENSÖHN of 59 Rambam Road, Jerusalem dated September 5, 1950. This card is of a personal nature and is being forwarded to the Albany Office for such disposition as that office may desire.

SUBJECT: ALFRED E. SARANT ESPIONAGE - R

PURPOSE

To suggest retention of the name of Alfred E. Sarant in the Special Section of the Security Index.

DETAILS

Investigation has disclosed that Sarant was acquainted with Julius and Ethel Rosenberg, Joel Barr, William Perl, Vivian Glassman, and Max Elitcher. A highly confidential and reliable source advised the New York Division that Sarant was a member of the Communist Political Association in 1944.

Sarant was interviewed by the Albany Division on several occasions, commencing on July 19, 1950. He admitted Communist Political Association membership in 1943 and 1944, acquaintanceship with the individuals mentioned above, with the exception of Max Elitcher, and said that on one occasion Rosenberg "propositioned" him to sound him out politically but Sarant claimed to Agents, "I didn't bite." He admitted a very close friendship with Joel Barr whom he said he believed to be a Communist Party member. Sarant denied knowledge of, or participation in espionage activities on the part of himself or any of his acquaintances, with the exception of the above-described incident involving Rosenberg.

David Greenglass has advised that Rosenberg told him he had an apartment in the Greenwich Village Section of New York City that was not tenanted and which was used for photographic work in connection with Rosenberg's operations. It is believed significant that Sarant was the leasee of an apartment at 65 Morton Street, New York City, which address is in Greenwich Village, from October, 1943, to January, 1950, and that Sarant himself moved to Ithaca, New York, in the Fall of 1946 but retained his lease on the apartment. Barr, and later Perl, occupied the apartment for the duration of Sarant's lease, and paid rent to Sarant. Sarant has admitted considerable interest and proficiency in photography and the possession of film-developing equipment and flood lamps in the Morton Street apartment, but has denied ever doing any document photography. He admitted that Joel Barr had a Leica camera
when Barr was residing with him at 65 Morton Street, although he denied that Barr, to his knowledge, ever engaged in document photography.

Sarant was born September 26, 1918, in New York City, and was graduated in Electrical Engineering from Cooper Union in June, 1941. He was discharged from the position of Junior Radio Engineer with the Signal Corps Laboratories at Ft. Monmouth, New Jersey, on September 3, 1942, and was characterized by his superiors as a labor agitator. He was then employed as an Engineer by the Western Electric Company and Bell Telephone Laboratories in New York City, resigning from the latter concern on September 11, 1946. Since October, 1946, he has resided in Ithaca, New York, where he is self-employed as a building and painting contractor. He married Louise Ross on July 6, 1945, and they have two children. Mrs. Sarant is not a Security Index subject.

On August 4, 1950, Sarant left New York City with Carol Dayton, wife of Bruce Dayton, next door neighbor of Sarant in Ithaca. Sarant was leaving the United States to avoid further questioning by the FBI, and that a friend of Sarant's was in trouble and Sarant did not want to be forced to testify against him. Sarant's entry into Mexico was accomplished through use of a tourist card fraudulently secured by Carol Dayton in her husband's name. The most recent information concerning the whereabouts of Sarant and Carol Dayton is as of August 12, 1950, when they left Guadalajara, Mexico, for Mexico City, traveling as Mr. and Mrs. Bruce Dayton.

Available information concerning Sarant has been furnished to the Department and to the United States Attorney, Southern District of New York, and the latter advised that the case against Sarant was weak, and that he believed it preferable for the Mexican authorities to proceed against both Sarant and Dayton for violation of Mexican immigration laws. Appropriate steps against his entry into the United States are in effect with the Immigration & Naturalization Service and the Bureau of Customs.
Inasmuch as Sarant abandoned his wife and two children in Ithaca, New York, and no process is presently outstanding for him, it is not believed probable that he will remain out of the United States for an extended period of time. Accordingly, the possibilities of penetration and control of a Soviet espionage apparatus might be destroyed by apprehending Sarant immediately upon the commencement of hostilities, provided, of course, that he has by that time returned to his home or has otherwise been located by the Bureau. The other factors to be considered, as set out in Mr. Belmont's memorandum of September 28, 1950, have been taken into account with respect to Sarant.

RECOMMENDATION

That the name of Alfred E. Sarant be retained in the Special Section of the Security Index.
MEMORANDUM

All Supervisors in the Espionage and Internal Security Sections

DATE: September 28, 1950

A. H. DEL'ORT

SUBJECT: SPECIAL SECTION OF THE SECURITY INDEX

Alfred E. Sarant
65-59242

PURPOSE:

To provide for a review of all cases involving subjects currently in the Special Section of the Security Index for the purpose of determining whether or not they are properly included therein and to provide for instructions to be issued to the field to submit information in summary type reports suitable for distribution concerning these subjects.

GENERAL INSTRUCTIONS:

As you are aware, the Special Section of the Security Index contains the names of individuals who should be given special consideration as to the desirability of their apprehension in the event of hostilities. This Special Section is broken down into six categories as follows:

- Espionage Subjects
- Government Employees
- Prominent Individuals
- Atomic Energy Employees
- Foreign Government Employees
- United Nations Personnel

There are over 200 names in the Special Section and since the Bureau will be taking the responsibility for allowing these people to be at large after the start of hostilities while separate consideration is given to the desirability of apprehending them, the investigative files regarding these subjects should be examined now, for the purpose of determining whether the national security might better be served by including the names of various individuals now in the Special Section along with the others in the Security Index.

Each Supervisor should review those cases of individuals assigned to him who are now in the Special Section of the Security Index to determine if they are properly included therein. At the conclusion of the review, each case should be the subject of a memorandum which will indicate why the name should be deleted from the Special Section or why the name should be continued in the Special Section. These memoranda will then be correlated by Supervisor Whitson, Room 1647, and a summary memorandum of recommendations will be prepared.
It will then be necessary for each Supervisor to whom any of the subjects now included in the Special Section of the Security Index are assigned to issue instructions to the Field for summary type reports concerning those subjects to be continued in the Special Section so that these reports will be readily available for dissemination in the event of an emergency. These instructions should also provide that periodic reports suitable for dissemination be submitted covering the activities of those subjects retained in the Special Section.

With regard to those individuals who are to be deleted from the Special Section and placed in the Security Index for apprehension in the event of an emergency, each Supervisor, in reviewing his case files should determine whether reports now in the file are suitable for dissemination. If necessary, the Field should be instructed to prepare a summary type report suitable for dissemination on such subjects as are being placed in the regular Security Index.

Factors to Consider in Connection with Review:

With regard to all subjects now in the Special Section of the Security Index, you should consider the following five factors in determining whether they should be continued in the Special Section:

1. Is the category in which they are placed supported by the facts of the case?

2. Are any members of their households in the Security Index? If so, are they in the Special Section?

3. Have we ever attempted to interview the subject?

4. Could we adequately cover the subject's activities during the opening days of hostilities?

5. With regard to the application of the Emergency Detention Act of 1950, do we have evidence of the following:

A. Instructions or assignment in the Espionage, Counterespionage or Sabotage service or procedures of a foreign country, foreign political party or the Communist Party, USA.

B. Any past acts of Espionage or Sabotage or participation in any attempt or conspiracy to commit Espionage or Sabotage.

C. Holding of membership at any time after January 1, 1949 in the Communist Party, USA or any other organization seeking the overthrow of the Government of the United States by force or violence.
Espionage subjects are in the Special Section because:

1. Apprehension would destroy chances of penetration and control of an operating Soviet Espionage parallel, or

2. Apprehension would destroy known chances of penetration and control of a "sleeper" parallel.

Additional considerations with regard to Espionage subjects are:

1. Can we present the facts concerning the subject's Espionage activity to the Attorney General now?

2. If subject is a member of the Communist Party, USA, or an official of a party front, are others in a comparable position in the Communist Party, USA, or front in his locality in the Security Index?

3. Do we have sufficient data exclusive of the subject's Espionage connections to hold the subject under the Detention Program?

4. Is the subject employed by a foreign government or employed by or accredited to an international organization?

Government employees are in the Special Section because:

1. The case is still pending under the Loyalty Program, or

2. The case has been determined in the subject's favor by the Loyalty Board.

Additional consideration to be given Government employees is the question of whether our investigation has developed additional evidence or pertinent information since the last referral to the Government Board.

Also, in the case of Government employees, is there any logical objection to presenting the name of the Government employee, at this time, to the Attorney General for inclusion on his Master Warrant of Arrest?
Prominent individuals are in the Special Section because:

1. Apprehension might be attended by considerable publicity tending to make a martyr of the subject, or

2. Apprehension might affect adversely other persons not on the Security Index who are necessary to the war effort.

Additional considerations in regard to prominent individuals are as follows:

1. Why, specifically, is the subject considered a prominent individual?

2. Is the person whom the subject's arrest might affect adversely still necessary to the war effort?

3. What elements need to be developed in order to make the case against the subject a strong case?

4. What could the subject reasonably be expected to do during the first few days of hostilities that could injure the United States and thereby embarrass the Bureau, assuming he was not apprehended at the outset of the Detention Program?

5. What is the reasonable chance of developing data sufficient to make a strong case in the first few days after the outbreak of hostilities?

Atomic Energy employees are in the Special Section because their apprehension must be cleared with Atomic Energy Commission representatives in order to avoid interference with Atomic Energy work. With regard to these individuals, the following additional matters should be considered:

1. Is the subject working for the Atomic Energy Commission, for a contractor, or for a subcontractor? If so, where?

2. Does the subject have access to restricted material?

3. Does the subject have access to restricted areas?

Foreign Government employees are in the Special Section because we can only apprehend those employed by Governments with which we are at war. Additional matters to be considered in connection with
this category are:

1. Is the subject secretly serving the Soviets though in the employ of a nonsatellite nation which may be friendly or neutral in the event of war?

2. Does the subject have access to classified material which might relate to the conduct of the war by the United States and its allies?

United Nations and international organization employees are in the Special Section by reason of the fact that they are employees of international organizations regardless of their national origin, and notification must be given to the Secretary of the United Nations regarding their detention.

In reviewing cases involving United Nations employees regardless of their national origin, you should consider the advisability of presenting their names at this time to the Attorney General for inclusion in his Master Warrant of Arrest in order that he can take the necessary steps regarding notification to the Department of State and the United Nations in the event of emergency.

ACTION:

Memoranda regarding each of the subjects assigned to any Supervisor should be submitted no later than the close of business Wednesday, October 11, 1950. The memoranda should contain a recommendation to continue the individual subject in the Special Section or should contain a recommendation that he be removed from the Special Section and placed in the regular Security Index. Each memorandum should show that consideration has been given to each of the items set forth in the preceding portion of these instructions.

Instructions to the field regarding summaries will be sent after the correlated summary is approved.
Informants advise that ROSS has two friends at University of Illinois, Urbana, namely Professor BERNARD M. GOODMAN and JOHN M. KUYFERS, of Music School, Urbana. GOODMAN and wife reportedly went to Chicago, Illinois 11-2-50 to contact ROSS and party. Spot check surveillance of GOODMAN and KUYFERS at Champaign-Urbana, Illinois showed no indication of contact with subject. Background information regarding GOODMAN and KUYFERS set out.

DETAILS: By teletype dated October 25, 1950 the Albany Office advised that the subject, probably a member of the JULIUS ROSENBERG espionage network, left his residence in Ithaca, New York on July 26, 1950 for a week's vacation in New York and vicinity. Subject reportedly was met by CAROL DAYTON, wife of his next door neighbor in Ithaca, while subject was in New York. The subject and CAROL DAYTON reportedly left Baldwin, Long Island, on August 4, 1950, allegedly to return to Ithaca but instead proceeded in SARANT's automobile to Tucson, Arizona, where they sold the automobile and entered Mexico at Hermosillo under a visitor permit issued to CAROL D. DAYTON and BRUCE DAYTON on August 9, 1950. The teletype stated that subject's wife and relatives have denied any knowledge as to the whereabouts of the subject.
the subject; also that subject's step-father-in-law, VICTOR K. D. ROSS, is an attorney with a poor reputation in Ithaca.

By teletype dated November 1, 1950, the Cleveland Office advised that VICTOR K. D. ROSS and his party were observed in that district, and a woman by the name of HELEN EISENBERG was noted to be included in the ROSS party.

The 1949-1950 University of Illinois faculty directory listed a BERNARD MAURICE GOODMAN, Professor in the School of Music, as residing at 308 Hessel Boulevard, Champaign, Illinois.

Confidential Informant T-l, of known reliability, advised that BERNARD MAURICE GOODMAN, a Professor of Music at the University of Illinois, is a member of the Walden String Quartette at the University. He stated that GOODMAN is well acquainted with VICTOR ROSS of Ithaca, New York and, along with three other members of the Walden Quartette, recently traveled to Ithaca, New York to refute allegations made against the quartette by JOHN MARIUS KUYPERS, who is also a member of the University of Illinois Music School staff. The informant stated that KUYPERS, due to dissension within the School of Music at the University of Illinois, was recently removed from his position as Director of the School but retained as a member of the staff. KUYPERS is also formerly chairman of the Music Department at the University of Cornell, was originally instrumental in bringing the Walden Quartette, including GOODMAN, to the University of Illinois. However, in the course of the actions that created or developed the dissension in the administration of the School of Music, KUYPERS and members of the string quartette developed a wide divergence of views and there was a considerable amount of personal friction between KUYPERS and the quartette.

The informant stated that shortly before the beginning of the current school semester in September of this year, KUYPERS, his wife and three
children made a trip to Ithaca, New York where they visited ROSS and the entire KUYFERS family resided for a short period of time in the ROSS domicile, indicating somewhat of a close personal friendship between KUYFERS and ROSS. At that time KUYFERS was reported to have spread rumors reflecting on the reputation of the Walden String Quartette, including GOODMAN, which were subsequently refuted by the quartette on the trip to Ithaca. A summary of information pertaining to both GOODMAN and KUYFERS, who are contacts of ROSS, is set forth under appropriate captions as follows.

BERNARD MAURICE GOODMAN

BERNARD MAURICE GOODMAN, according to a personal history statement dated June 13, 1947 in the office of the President of the University of Illinois, Urbana, was born June 12, 1914 at Cleveland, Ohio. His business address as of June, 1947 was 320 Wait Avenue, Ithaca, New York, and residence address was Rural Delivery Route, Alpine, New York. He attended the Western Reserve University at Cleveland, Ohio and the Cleveland Institute of Music, 1932 to 1935, and received a B.S. Degree from Western Reserve. During 1935 and 1936, he taught at the Alexander Hamilton Junior High School (location not shown), and from 1936 to 1946 he was a violinist in the Cleveland Symphony Orchestra. In the 1946-1947 school year, he was Assistant Professor at the University of Cornell, Ithaca, New York. His military service included basic training as a private from June 20, 1943, to August 26, 1943. He read French and Hebrew. His references included the following:

ARTUR RODZINSKI
1160 Park Avenue
New York City 28, New York
(Conductor of Chicago Symphony Orchestra)

DONALD GRANT
Professor of Music
Cornell, University

WALTER BLODGETT
Curator of Music
Cleveland Museum of Art

DOUGLAS MOORE
Professor of Music
Columbia University
GOODMAN was appointed Assistant Professor of Music at the University of Illinois on indefinite tenure on a part time basis at $5000.00 per annum. A special arrangement was made for him to participate in affairs of the Walden String Quartette along with a HOMER SCHMIDT, EUGENE WEIGEL and ROBERT SWENSON. GOODMAN's appointment was handled by JOHN M. KUYPERS as head of the Department of Music at the University of Illinois.

Confidential Informant T-1 on November 1, 1950 advised that Goodman and his wife had plans to travel from Champaign to Chicago, Illinois on Thursday, November 2, 1950, to visit with VICTOR ROSS and periy and attend an evening performance at the Goodman Theater in Chicago. GOODMAN and his wife were scheduled to depart from Champaign, Illinois at 8:10 A.M. on Thursday, November 2, 1950, on the Illinois Central Semi-Ne Limited, arriving in Chicago at 11:30 A.M. They planned to have reservations at the Stevens Hotel in Chicago and then return to Champaign on Friday, November 3, 1950, leaving Chicago at 8:10 A.M. and arriving at Champaign at 9:59 A.M. A surveillance conducted by Special Agent E. ALDEN MATTHEWS and the writer verified the aforementioned facts related by the informant with respect to travel of GOODMAN and his wife to Chicago and return. It was noted that when GOODMAN and his wife boarded the train on November 2, 1950, they were not accompanied by anyone else, and it was also noted that on their return to Champaign, they were likewise alone again, and proceeded directly to their residence at 308 Hessel Boulevard in Champaign.
A description of BERNARD MAURICE GOODMAN based on personal observation as of November 2, 1950 when he entrained for Chicago is set out as follows:

On November 2, 1950 she was wearing a black and white print dress with a three-quarter length plain black topcoat and blue-black suede shoes. Her hat consisted in effect of a circular band, black braided material, which was open on top. She was carrying a red purse.
University of Illinois, Urbana, advised that GOODMAN drives a 1949 Mercury Sedan, bearing 1950 Illinois License 1280100, with Motor No. 9052753. There is a lien on the car in favor of the Bilderback Investment Company of Champaign, Illinois. From personal observation, it was noted that this car is bronze in color.

Confidential Informant T-3, of known reliability, advised that during the month of October, 1950, GOODMAN made payments in small amounts to the following individuals:

Mrs. C. S. BULLARD
601 West Washington
Urbana, Illinois
(The current city directory shows that Mrs. BULLARD is the widow of CHARLES BULLARD. Her husband was a carpenter in Champaign and she is a member of an old established family in the community)

JOHN TASH
310 West High Street
Urbana, Illinois

FANNY CARFRAY

Cleveland, Ohio

Mrs. FLORENCE L. TORCASCO
309 Avondale Avenue
Champaign, Illinois
(Inquiry discloses that she is the wife of JAMES F. TORCASCO, a steamfitter on the Illinois Central Railroad and long time resident of the community)

JOHN HARIUS KUYPERS

A personal history statement, dated February 26, 1947 in the office of the President of the University of Illinois, Urbana, shows that KUYPERS was born November 15, 1900 in Rotterdam, Holland. His residence as of February, 1947 was Forest Home, Ithaca, New York. He is a naturalized citizen, weighs 150 pounds, 5'-11", and has four dependents. His education
included work at the Hope College Preparatory School 1920 to 1923, the City College of New York, summer of 1924, Columbia University 1925, and Carleton College 1923 to 1926. He received an A. B. Degree from the latter. During 1930, 1931 and 1932 he was a guest lecturer at summer sessions at the University of Iowa. In 1940 he was a guest lecturer at summer session of Bimidji State Teachers College, and during 1940, 1941 and 1942 a guest lecturer at summer sessions of the University of Idaho. He was director of music at Hamline University, St. Paul, Minnesota 1932 to 1942 and professor and chairman of the Department of Music at University of Cornell from 1942 to 1947. His home address is 1001 West Nevada, Urbana, Illinois and business address 100 Smith, Music Hall, University of Illinois, Urbana. His references included the following:

Confidential Informant T-1 advised that KUYFERS openly has made statements at the University with respect to his theories on share the wealth program and has what the informant termed some socialistic ideas. The informant advised that he did not identify KUYFERS with any Communist activities. Confidential Informant T-3 was unable to furnish any information with respect to KUYFERS although he noted that KUYFERS maintains a bank account at the Champaign County Bank and Trust Company, Urbana.
MISCELLANEOUS

Spot check surveillances of GOODMAN and KUYPERS in Champaign and Urbana, Illinois, which were maintained by Special Agent E. ALDEN MATTHEWS and the writer during the period covered by this report, did not produce any information of value.

Confidential Informants T-4 and T-5, of known reliability, who are usually familiar with disloyal organizational activities of various individuals on the University of Illinois campus, did not identify either GOODMAN or KUYPERS with any disloyal element.

The pictures of VICTOR K. D. ROSS, ALFRED SARANT and CAROL DAYTON were exhibited to Confidential Informants T-4 and T-5, who are exceptionally reliable, and they advised that in the event there was any indication that these individuals were on the University of Illinois campus, they would immediately advise this office.

Reference is made to New York letter to Bureau dated November 13, 1950, wherein the Charlotte Office is requested to ascertain if GLADYS MEYER, alleged to be married to JUNIUS SCALES, is identical with the GLADYS MEYER of this inquiry.

In this connection the attention of the New York Office and the Bureau is directed to the report of SA RUFUS H. POWELL dated November 8, 1950, entitled "Mrs. GLADYS MEYER SCALES, nee Gladys Hilda Meyer, aka Mrs. Junius Irving Scales; SECURITY MATTER - C."

All of the background information available to this office concerning GLADYS MEYER is set forth on Page 2 of this report.

It is to be noted, however, that the description provided in referenced letter is the description of GLADYS MEYER SCALES, and it is also to be noted that GLADYS MEYER SCALES' mother, as listed in the records of the University of North Carolina, Chapel Hill, is MINNIE MEYER, which is the name of the mother of GLADYS MEYER mentioned in referenced letter. It is, therefore, concluded that the two individuals are identical.

For positive identification purposes, however, a picture taken in June of 1950 of GLADYS MEYER SCALES is being forwarded to the New York Office as an enclosure to this letter for comparison with pictures of the GLADYS MEYER named in referenced letter.

In connection with the enclosed picture, the attention of the New York Office is called to the fact that it was taken by [REDACTED] of this office, and this informant is being considered now for specific assignment in the New York Office. If it is exhibited to an individual in a manner in which the information might subsequently come to the attention of GLADYS MEYER, there is no doubt but she would remember the circumstances under which it was taken and who took it. Accordingly, caution is suggested in its use in order to avoid a compromise of this informant.

AT INDIANAPOLIS, INDIANA

On October 31, 1950 preparations were made to take over the surveillance of VICTOR K. D. ROSS and party from agents of the Cleveland Office. About 5:10 PM Special Agents PETER CROANE and ROBERT L. BAKER of the Cleveland Office arrived at Butler, Indiana to advise that the party had put up for the night at the Colonial Manor Motor Court, Bryan, Ohio.

The surveillance was resumed in Indiana, at Butler, at 6:45 AM by Special Agents DUDLEY S. HORT, EBEN PATTERSON, DONALD R. JOHNSON and CLEMENT J. HOOD, and the surveillance was taken over from the Cleveland Agents at 8:05 AM.

when the six copies of the subpoenas to be served on the subject were transferred to the Indianapolis agents.

The party proceeded west on US 6, making their first stop at the B and B Restaurant at Nappanee, Indiana. The women did not go in but window shopped.

The party, driving a 1949 blue Packard Sedan, New York 1950 license number TP 901, next stopped at a gasoline station about one mile east of the intersection of route 6 and Indiana 43. At this place they inquired as to the directions to Chicago, Illinois.

No contacts were made by the party during this part of the surveillance and the party and subpoenas were turned over to Special Agents GEORGE W. HALL, EARL ERDMANN, BEVERLI PONDER and CLIFFORD MOYER at 11 AM at the Lighthouse Cafe, 5th and Van Buren Streets, Gary, Indiana, where the party stopped for lunch.

From the Lighthouse Cafe the party proceeded directly to the Stevens Hotel, Chicago, Illinois, where the subpoenas were turned over to Special Agent ROBERT L. TAGG of the Chicago Office, who with other agents of that office resumed the surveillance. The party made no contacts on this part of the surveillance.

On November 3, 1950, Special Agent WILLIAM RYAN of the Chicago Office telephonically advised the writer that VICTOR K. D. ROSS, his wife, MIMA, MAURICE T. and CLARA KASSMAN and a third woman, had checked out of their hotel in Chicago preparatory to returning home. Accordingly, Special Agents GRUBB, HALL, PONDER, ERDMANN, RICHARD F. MC ELIDGE and WILLIAM S. BETTS took positions at the Indiana-Illinois border line preparatory to surveilling the party through Indiana.

The Indianapolis agents took over the surveillance at 11:20 AM at the line on US 11. The subpoenas and photographs were transferred by the Chicago agents who discontinued the surveillance at this point.

The party proceeded east on Route 20 to the intersection of Indiana 3 and US 20 where they stopped for lunch at 12:35 PM. They made no contacts and proceeded on their way at 1:25 PM.

They continued on Routes 20, 212 and 12 toward Detroit, Michigan. At a point east of Jackson, Michigan, at 5:45 PM EST the party was turned over to agents of the Detroit Office and the subpoenas and photographs were turned over to Special Agent JOSEPH HYBLE by the writer. The

As Springfield letter 12-1-50.

For your assistance in conducting the Investigation outlined in reflet, there are enclosed two photographs of subject and two photographs of Carol Dayton. As pointed out in reflet, a Grand Jury subpoena for Sarnat is outstanding in the Southern District of New York; he has not, however, been indicted nor has a warrant for his arrest been issued. No process of any type is outstanding for Carol Dayton.

Sarnat is admittedly well-acquainted with Julius Rosenberg and various other individuals who are now all probably involved in the Rosenberg espionage group. Sarnat was particularly friendly with Earl Headly and William Perl. Sarnat has admitted to Bureau agents that he was a member of the Communist Party in 1943 and 1944 in New York City but denied knowledge of or participation in espionage activities as the part of himself or any of his acquaintances.

In the event either Sarnat or Carol Dayton is located in your division, notify the Bureau immediately and appropriate instructions will be issued.

New York (65-15360)
TRANSMITTED herewith for the benefit of San Juan is a report of Special Agent RAYMOND L. FAISSERT, dated November 11, 1950, which reflects the fact that the subject of this case and ALFRED EPAMINONDAS SARANT may possibly be associated through mutual friends. This indicates the possibility that the subject may contact BERNARD M. GOODMAN.

By teletype dated October 30, 1950, the Albany Office advised that the United States Attorney for the Southern District of New York has issued a subpoena for SARANT as a material witness and the Bureau has approved service of the subpoena if SARANT is located in the U.S.A. The teletype stated that if served with the subpoena, SARANT should be surveilled to determine if he is proceeding to New York City to comply with it. If compliance was obviously not being made, the New York Office was to be immediately telephonically contacted to possibly secure a warrant for SARANT as a material witness.

On November 28, 1950, a mail cover on BERNARD M. GOODMAN at 308 Hessel Boulevard, Champaign, Illinois, showed receipt of a letter bearing the return address of Calle Historia, Panta Los Marios, San Juan, Puerto Rico.

The San Juan Office will conduct appropriate inquiry to determine if subject may possibly be at the address mentioned on the mail cover.

The subject is described as 32 years of age, Greek nationality, 5' 7½" tall, 120 pounds, blond hair (curly and very heavy), dark complexion, brown eyes, foreign appearance, nose larger than average and hooked, slender build, quick and nervous walk.

CAROL DAYTON, with whom subject reportedly disappeared, is described in a teletype from Albany as 28 years of age, 5' 4½" tall, 120 pounds, blond hair and very attractive.

DATE: November 13, 1950

Reference report of SA PETER F. MAXSON, dated August 7, 1950, at Albany, wherein it was reported on page 13 an entry from SARANT'S Bates List Finder: "MEYER, 323 West 12th Street".

SARANT has advised that this refers to GLADYS MEYER whom he knew socially in New York City, and who attended musicals and went on hikes with him. He claims that his wife did not know GLADYS MEYER.

Mrs. SARANT in commenting on this entry advised that this refers to GLADYS MEYER, an old girlfriend of her husband.

Reference is made to Albany letter to the Director dated August 9, 1950, wherein additional information pertaining to the GLADYS MEYER entry appears. SARANT advised further that MEYER was a girlfriend of his in New York City sometime between October 1, 1943, and July 6, 1945. He stated that he believed that he was in love with her at that time, and he recalled that he felt that she was giving him the "cold shoulder", at one time. SARANT stated that he was upset about this and had visited VIVIAN GLASSMAN concerning GLADYS MEYER. GLADYS at that time resided at 343 East 8th Street, New York City.

SARANT stated that GLADYS MEYER had attended musicals which he and JOEL BARR held at his apartment, 65 Morton Street, New York City.

In this connection it is to be noted that MAX ELITCHER has advised agents of this office that the ROSTENBERGS, SOBELLS, ELITCHERS, SARANTS and WILLIAM PERL socialized in 1945-1946 at SARANT'S apartment at 65 Morton Street, New York City and ELITCHER gained the impression that all of these...
persons with the exception of himself were cooperating with JULIUS ROSENBERG.

The Albany office requested this office to locate and interview GLADYS MEYER concerning her knowledge of and connection with JULIUS and ETHEL ROSENBERG, JOEL BARR, VIVIAN GLASSMAN, ALFRED and LOUISE SARANT, WILLIAM PERL, with alias, WILLIAM; UTTERPERL, MORTON and HELEN SOBEL, MIKE AND ANNE SIDOROVCHE and MAX AND HELEN ELITCHER and whether she had ever seen them at the musicals held at 65 Morton Street, New York City.

In addition, the Albany office requested that GLADYS MEYER be interviewed concerning the "Leica" camera that JOEL BARR owned at that time inasmuch as SARANT states that some of the pictures on the hiking trips were taken with this camera. She should also be questioned concerning other photographic equipment owned by the subject and BARR and names of other individuals that went on these hiking trips.

It has been established through identification of GLADYS MEYER'S photographs, which were furnished to agents of the Albany office by

that she is identical with the subject of a closed case entitled "GLADYS MEYERS; SECURITY MATTER - C", in which case New York is origin. A review of the GLADYS MEYERS case file reflects that she resided at 55 Charles Street, New York City, in 1947, in the apartment of SYLVETTE ENGEL MEYER.

further advised that GLADYS MEYER formerly resided at 55 Charles Street with her brother HOWARD MEYER and his wife SYLVETTE ENGEL. He advised that HOWARD MEYER had formerly been employed as a special

assistant to the Attorney General, United States Department of Justice, New York City. MEYER'S wife was reported to be an artist who used professionally the name of SYLVETTE ENGEL and further that HOWARD MEYER is not believed to be currently employed by the United States Government. They advised that he is alleged to be a member of a New York City law firm and currently resides at Rockville Center, Long Island, New York.

The current Nassau County telephone directory indicated that one HOWARD N. MEYER resides at 76 Tarence Road, Rockville Center. There is an additional telephone listing for SYLVETTE MEYER at this same address.

It was ascertained through inquiry at the United States Attorney's office for the Southern District of New York, that HOWARD N. MEYER was formerly employed as a special assistant to the Attorney General, Claims Division, New York, New York, and that he is currently employed for the law firm of WOLF, POPPER, ROSS and WOLF, 160 Broadway, New York City.

On two separate occasions HOWARD N. MEYER has been contacted by agents of this office in an attempt to ascertain the current address for his sister GLADYS MEYER. He first advised that he did not know this address, however, he would attempt to ascertain it. MEYER indicated that GLADYS MEYER was residing in another state. On the second occasion MEYER indicated that he had corresponded with his sister and he was leaving the decision to his sister as to whether she desired to be contacted and in the event that she did she would furnish her current address to this office.

Mrs. MINNIE MEYER, 2016 Avenue N, Brooklyn, New York, the mother of GLADYS MEYER, has been contacted and she advised that the current address for her daughter GLADYS is not known to her.
Reference is made to Charlotte's letter to the New York office dated April 7, 1950, in the case entitled "JUNIUS IRVING SCALES; INTERNAL SECURITY - R" (File 100-11592) wherein it was reported by Confidential Informant that one GLADYS MEYER deposited a check in a bank of Chapel Hill, North Carolina, which was endorsed as "Mrs. JUNIUS SCALES".

The informant further advised that this individual had for a long time been a member of the Communist Party and that JUNIUS SCALES, who is the Chairman of the Communist Party, District #29, recently married a girl named GLADYS from New York City. The informant further advised that this individual had been a former girlfriend of ALFRED SARANT, who currently resides at New York, has advised that she visited with him at MEYER'S apartment believed to be located at Washington Place, New York City, in approximately 1945. She recalled that GLADYS MEYER resided with a sister named ABLINE, who is a former girlfriend of ALFRED SARANT.

From investigation which as been conducted for this office in an attempt to locate GLADYS MEYER, it is believed that she may possibly be currently married to JUNIUS IRVING SCALES who is believed to reside at 36 Carr Street, Carrboro, North Carolina.

Concerning HOWARD MEYER it is to be noted that he was investigated under the Loyalty Program in 1948 in an investigation entitled "HOWARD NICHOLAS MEYER, Special Assistant to the Attorney General, Claims Division, New York, New York, United States Department of Justice; LGE". MEYER'S investigation reflected that his family consisted of the following members:

Considerable derogatory information was developed during the course of this investigation which would indicate in all probability HOWARD N. An anonymous source advised on December 17, 1957, that SYLVETT ENCEL, 70 Grove Street, New York City, applied for membership in the [redacted] of the [redacted]. The informant stated that she indicated her occupation as that of an artist, and was described as white and 31 years of age.

It has been ascertained through investigation that SYLVETT ENCEL is the wife of HOWARD N. MEYER and that they formerly resided at 70 Grove Street, New York City.

The informant stated that she was also a member of the 17th and resided with GLADYS MEYER.

It is believed that ARLENE RICHARDS is the sister of GLADYS MEYER.

An anonymous source advised on August 8, 1944, that GLADYS MEYERS, c/o ARLINE RICHARDS, formerly of 158 Waverly Place, New York City, moved to 118 Washington Place, New York City, with ARLINE RICHARDS. The informant stated that she was a registered member of the CPA, Manhattan, New York.

The indices of the New York office failed to reflect any derogatory information pertaining to Mrs. MINNIE MEYER. The removal address records for the Greenwich Village Station of New York City and the Vanderveer Station of Brooklyn, New York Post Offices, have been checked for a forwarding address for GLADYS MEYER with negative results.

Confidential Informant advised that in approximately 1947 that GLADYS MEYERS may be described as follows:

It is requested that the Charlotte Office immediately ascertain if the GLADYS MEYER who is alleged to be currently married to JUNIUS SCALES is identical with the GLADYS MEYER of this inquiry.

Your approval is now being requested for an interview with GLADYS MEYER inasmuch as it is definitely believed that the GLADYS MEYER who is alleged to be married to JUNIUS SCALES is identical with the GLADYS MEYER who was a former girlfriend of ALFRED SARANT. Further, it is believed that her brother, HOWARD N. MEYER, has communicated with his sister and in so doing has advised her that she need not submit to an interview, and consequently an early interview is believed to be desirable.

Peurlet 10-31-50 in the case, requesting authorization for interview of Edward Otto Lindemann, was. (b)(1)

You are authorized to have Lindemann interviewed by two experienced agents familiar with the Julius Rosenberg, Sapiant and related investigations. In addition to exploring fully all knowledge Lindemann may have of captioned subject and other associates of Rosenberg, interviewing agents should be alert for any opportunity to secure information from Lindemann re CP activities in the NYC area.

Review ofbufiles on Lindemann reflects that your division is in possession of all pertinent identifiable data concerning him, with the exception of the following two items:

Under date of 2-10-40, Lindemann addressed a letter to the Director in which he condemned severely the Bureau's action "in raiding and arresting persons in Detroit accused of aiding Spanish democracy." The letter alleged that the Bureau's activities in that case constituted a complete denial of American civil rights, and Lindemann described himself as one "shocked to see the depths to which the FBI has sunk." Lindemann addressed another communication to the Director under date of 4-11-40 in which he condemned in very strong language a report which he had heard and seen in the press to the effect that the Director was sponsoring a proposed amendment to open census files to the FBI. In this communication Lindemann characterized the proposed amendment as "one of the most outrageous of your many shocking and illegal acts," and he continued that he was "one of the many millions of Americans who insist that the FBI cease being a second Gestapo NOW."

In view of the communications from Lindemann described in the foregoing paragraph, the interview of him must, of course, be handled with discretion. You should promptly advise the Bureau and interested divisions the results of the interview.
TO: MR. A. H. HELMONT

FROM: MR. C. E. MENDRICK

SUBJECT: ALFRED EVANGELINOS SARANT, WAS. ESPIONAGE - R

PURPOSE

To request authorization for interview of Edward Otto Lindemann, was, re his knowledge of subject. Lindemann, CP member in 1945, occupied apartment at 60 Morton Street, NYC, during period subject resided at 65 Morton Street, and subject's wife rented room in Lindemann apartment for several months prior to marriage to subject.

DETAILS

Search of subject's residence in Ithaca, New York in July, 1950 revealed a card announcing the marriage of Louise Serot and Edward Lindemann, 9-2-47. Subject's wife advised agents that for some time immediately prior to her marriage to subject 7-6-45 she rented a room in Lindemann's apartment at 60 Morton Street, NYC. Subject had been residing at 65 Morton Street since October, 1943. The Albany division (origin) requested New York to interview Lindemann re subject. (65-59242-47, 77)

New York pointed out 7-17-50 that Lindemann, a commercial photographer, was the subject of a closed SM - C case, was a member of the CP in NYC in 1944 and 1945, has written pamphlets in support of CP, and has been a frequent letter writer to the "Daily Worker." New York suggested possibility Lindemann might be Unsub Hughes, mentioned in Source 5 data in 1944 as a photographer paired with Unsub Meter-Scout and connected with Rosenberg apparatus. Pursuant to Bureau instructions, New York conducted further investigation of Lindemann, particularly re his photographic equipment, and it is not now believed that Lindemann is identical with Unsub Hughes. (ibid. serial 369)

References in profiles, reflected by attached search slips, have been reviewed. Lindemann is subject of 100-29334, which case is closed. That file reflects Lindemann born 7-19-13 NYC, is an eccentric person with history of severe psychoneurosis since 1932. He is known to have been a member of CP in NYC at least from 1939 to 1945, and probably is member at present time. He has written pamphlets in support of Communism and has written frequently to the "Daily Worker" under aliases. All references indicate considerable CP and front activities, particularly along purportedly "intellectual" or "cultural" lines.
Under date of 2-10-40, Lindemann directed a letter to the Director, severely criticizing the Bureau's "action in raiding and arresting persons in Detroit accused of aiding Spanish democracy."

Under date of 4-11-40 Lindemann addressed another communication to the Director, in which he expressed extreme indignation at newspaper accounts of a proposal by Mr. Hoover to open census files to the FBI. This communication accuses the Bureau of being a second Gestapo and of engaging in fascistic tactics.

It is possible that Lindemann has information of value re Sarant and some of the latter's associates inasmuch as both Lindemann and Sarant were CP members in NYC at approximately the same time and lived in adjacent buildings. Investigation of Rosenberg, Joel Barr and other known associates of Sarant, however, has revealed no connection between any of them and Lindemann. On the basis of available information, there are no factors at this time which make the proposed interview of Lindemann inadvisable.

RECOMMENDATION

That interview of Edward Otto Lindemann, was be authorized. If you approve, there is attached a letter so advising the New York division.

Re FBI Lab report 11/14/50 and Bulletin 11/21/50.

The original documents designated Kel in this case will be secured from NACA; however, it is noted that the photographic copy of a Bill of Sale executed by Perl in favor of ALFRED SARANT on September 30, 1946, was acknowledged by Perl to be his handwriting in the presence of SAs JOHN B. O'DONOOGHUE and DAVID A. WIELE on August 1, 1950. Photographic copies of the Bill of Sale were furnished this office by Bulletin 7/31/50 in the SARANT case (Buffer 65-59242).

TITLE ALFRED EMAMONDAS

CHARACTER OF CASE ESPIONAGE - R

SYNOPSIS OF FACTS:

ADMINISTRATIVE

LILLIAN ANN KILLEN, former associate of ALFRED SARANT, presently in New York City connected with New York Graphic Arts Work Shop, KILLEN has no information which would assist in locating her daughter, CAROL DAYTON. Information received by DOROTHY from ERNEST DAYTON indicates he has no knowledge of CAROL DAYTON's whereabouts, nor does he know when she is expected to return to the United States.

DETAILS:

AT SAN FRANCISCO, CALIFORNIA:

ALFRED SARANT during an interview has advised that one LILLIAN ANN KILLEN is a friend of his. SARANT stated that he knew KILLEN during the period from October, 1943, through July, 1945, in New York City, at which time KILLEN attended musicals in his apartment at 85 Lómán Street. SARANT also advised that KILLEN was a friend of JOEL BARR.

San Francisco I-I, of known reliability, in September, 1950, furnished a pamphlet published by the California Labor School announcing new art classes for the school during the 1950 fall term. This pamphlet reflects that LILLIAN ANN KILLEN would be the instructor for the live drawing class every Friday evening from 7:30 PM to 9:30 PM.

DEFERRED RECORDING

COPIES DESTROYED

PROPERTY OF FBI. This confidential report and its contents are loaned to you by the FBI and are not to be discussed or made available to any other agency to which loaned.
The date for the opening of the fall term was not indicated in the pamphlet.

The California Labor School has been cited by the Attorney General as coming within the purview of Executive Order 9835.

On November 17, 1950, SF T-1 reflected that LILLI KILLEN's husband, ALAN HOHTA, was residing in her apartment at 1219 Kearny Street, and that OHM was a student at San Francisco State College.

further reported that she was in New York City.

The records of San Francisco State College, made available by her, reflect that ALAN HOHTA enrolled as a new student for the fall term, 1950. His residence address is reflected to be 1219 Kearny Street, San Francisco, and his legal address is 129 MacDougal, New York City. OHM was born May 12, 1921, in Philadelphia, Pennsylvania. His father, YK SHIHOHTA, was born in Japan, and his mother, VIRGINIA KERRY HOHTA, was born in Washington, D.C.

His parents' present residence address is reflected to be 129 MacDougal Street, New York City. It was noted that OHM did not indicate in his entrance application to the college that he is or is not married.

At 1219 Kearny Street it was learned that OHM has been residing in an apartment at that address alone since about September 1, 1950.

The November 22, 1950, issue of the San Francisco published Daily People's World Newspaper contains an uncaptioned cartoon with the statement "Drawn by LILLI AND KILLEN" by New York Graphic Arts Work Shop.

MRS. ALAN KOMAREKOHTA

The following investigation was conducted by Special Agent

GUY L. TULL:

Mrs. VIRGIL A. DOROTHY, mother of CAROL DAYTON, resides at
3309 22nd Avenue.
On October 7, 1950, San Francisco T-2, of known reliability, advised that according to 

sentiment during the month of September, 1950, explained that 

trip was taken with considerable conflict on her part, but he 

felt sure she could care for herself and that her reasons for going 

deserved respect and patience.

On October 27, 1950, stated that she 

has not heard from since she left the country, and that she 

does not know her present whereabouts. She related that she has received 

correspondence from her on two or three occasions, and in these 

letters, has indicated that he does not know the whereabouts 

is convinced that she has not heard from 

since her disappearance, was unable to identify any 

person in the United States who might have information as to where 

she could be located.

In addition, related that 

parents who reside near recently received a letter 

from in which he stated that it is possible, though not probable, 

that he will see her again. Attempted to assure his 

parents that there was no marital difficulties between himself and 

and that actually trip would strengthen their marriage rather than 

weaken it if she returns.

On November 9, 1950, advised that she had 

received a letter from on November 8, 1950. This letter, 

which was read to Special Agent IPO, indicated in effect that she has 

not heard from since her departure to pointed out that his waiting to hear from her had become a part of his daily 

thinking andwaiting, and that this waiting would terminate when she 

"walked through the door." was of the opinion that he would not 

hear from her by letter or through any other person, but that she would 

merely return unexpectedly.

In the above letter, related that many of his colleagues 

believed to be in the west on an extended vacation, that his children 

believe their mother to be in and that some acquaintances 

believed he and to be separated. He explained that he has done 

nothing to change the thinking of any of these people and 

concluded by stating that he would not attempt to consol and 

reminded her that "no news is good news".

San Francisco T-3, of known reliability, advised that during 

October and November, 1950, received no correspondence 

cf significance to this investigation, except from which is 

reported herein.

SUBJECT: ALFRED EPAMINONDAS SARANT, Was.

ESPIAONE - R
(File #65-59242)

Report SA RAYMOND L. FAISST dated 11-14-50 at Springfield and Springfield letter to Director dated 12-1-50.

In addition to the item referred to in Springfield letter to the Director, the only other item received by BERNARD GOODMAN, at 308 Hessel Boulevard, Champaign, Illinois, through the mail as disclosed by a mail cover came from H. GOODMAN, 402 East 149th Street, Cleveland 10, Ohio.

A mail cover on JOHN M. KUPPERS, 1001 West Nevada, Urbana, Illinois, shows that during November 1950 he received mail from J. L. STULTS, Cabbage Key, Boca Grande, Florida, and also a letter from the Bismarck Township High School, Bismarck, North Dakota.

It does not appear that the above mentioned items merit any investigative attention. However, this is being left to the discretion of the office of origin in this case.

Interview of Gladys Meyer Scales by two experienced agents of your Division is authorized. N.Y. Lot to Bureau 11-23-50, copies to Charlotte, furnished the background for the interview and the subject matter to be covered. For your further information, Vivian Glassman, mentioned in referenced N.Y. Lot 11-13-50 as an acquaintance of Sarant and Gladys Meyer Scales, is well-acquainted with Julius Rosenberg, now awaiting trial in the SDNY with Ethel Rosenberg, David Greenglass and Morton Sobell as an espionage conspiracy defendant. Glassman admittedly traveled to Cleveland, Ohio, in 1948 and offered $2500 to William Ferr, another associate of Rosenberg, to flee to Mexico. Glassman, however, has claimed she does not know the identity of the person for whom she carried out that mission, and has not been cooperative in interview or before the SDNY.

You are also advised that Joel Kitchener, described in referenced N.Y. Lot 11-13-50 as the source of considerable information re Sarant, Rosenberg, et al., has been cooperative with the New York office during instant and related investigations, and will in all probability be a witness in the forthcoming prosecution of the Rosenbergs and Sobell. The fact that Kitchener has supplied information of value to the Bureau should not be revealed in any way during the interview of Gladys Meyer Scales.

WELFARED.

For your further information, Joel Barr has been in Europe since 1942, and Duff Greenblatt has declared that Julius Rosenberg told him in the Spring of 1950 that Barr was working for the Russians overseas. After being interrogated by Bureau agents in 1948, Sarant fled to Mexico on 8-5-50 for the stated purpose of avoiding further questioning and the latest information as to his whereabouts is as of 9-0-50, then he was still in Mexico. Agents interviewing Gladys Meyer Scales should be alert for any information she may have re the whereabouts of either Barr or Sarant.
In view of the current activities of Gladys
Dyer Scales and her husband, Junius Irving Scales,
notices of her must be handled with care and discretion.
Results of the interview should be furnished promptly to
the Bureau and to the Albany and New York divisions.

Re Charlotte let to Bureau, 11/22/50.

A comparison of a picture taken in June, 1950 of GLADYS MEYER SCALES forwarded to the New York Office as an enclosure to referenced letter has been made with the three pictures of GLADYS MEYER referred to in our letter to the Bureau dated November 13, 1950. It is concluded that these two individuals are identical, although the most recent photograph is indicative of considerable maturity during the intervening period between the photographing of the three pictures of her, probably in the summer of 1944, and the most current picture taken in June, 1950.

A review of the report of SA RUFUS H. POWELL entitled "Mrs. GLADYS MEYER SCALES, nee GLADYS HILDA MEYER," also known as Mrs. JUNUIS IRVING SCALES; Security Matter-C," has been made and from the information set forth in that report, it is believed that GLADYS MEYER, mentioned in our letter dated November 13, 1950, and this individual are identical. It is noted that GLADYS MEYER was born in 1923, her mother's name is MINNIE MEYER, and that her one brother, HOWARD NICHOLAS MEYER, according to the records of the Registrar's Office at Columbia University, New York City, obtained his LLB Degree from Columbia University Law School on June 2, 1936.

This information is being furnished for assistance in the consideration of a proposed interview with GLADYS MEYER SCALES, who is currently residing within the territory of the Charlotte Division.
